

The accompanying financial statements have been prepared by RBC Global Asset Management Inc. ("RBC GAM") as manager of the RBC Corporate Class Funds (the "Funds") and approved by the Board of Directors of RBC Corporate Class Inc. We are responsible for the information contained within the financial statements.

We have maintained appropriate procedures and controls to ensure that timely and reliable financial information is produced. The financial statements have been prepared in accordance with accounting principles generally accepted in Canada (and they include certain amounts that are based on estimates and judgments). The significant accounting policies, which we believe are appropriate for the Funds, are described in Note 3 to the financial statements.

Although the Board of Directors of RBC Corporate Class Inc. is solely responsible for approving the financial statements and overseeing management's financial reporting responsibilities along with RBC GAM, the Financial Advisory Committee of the Board of Governors provides advice to RBC GAM concerning financial reporting, the audit process and internal controls. Please see *The Role of the Board of Governors* at the end of this report.

John S. Montalbano, CFA
Chief Executive Officer
RBC Global Asset Management Inc.

* Fund launched January 2012; Series H and Series I launched July 2012.

September 30, 2013

**Financial instrument risk and capital management
(see note 4 in the generic notes)**

The Fund invests directly in the RBC High Yield Bond LP and invests indirectly in the RBC High Yield Bond Trust. The Fund's exposure to financial instrument risk is based on the mutual fund asset mix of the indirect investment.

Credit risk (%)

The table below summarizes the RBC High Yield Bond Trust's exposure to credit risk grouped by credit ratings as at:

Rating	September 30 2013	March 31 2013
A	1.8	1.2
BBB	8.2	16.5
BB	46.2	40.5
B	42.7	40.4
CCC	1.1	1.4
Total	100.0	100.0

Interest rate risk (%)

The table below summarizes the RBC High Yield Bond Trust's exposure to interest rate risk by remaining term to maturity from investments in mutual fund units as at:

Term to maturity	September 30 2013	March 31 2013
Less than 1 year	–	0.1
1 – 5 years	18.4	25.8
5 – 10 years	81.0	71.2
> 10 years	0.6	2.9
Total	100.0	100.0

As at September 30, 2013, had prevailing interest rates risen or lowered by 1%, with all other factors kept constant, the Fund's net assets may have decreased or increased, respectively, by approximately 4.1% (March 31, 2013 – 3.5%). In practice, actual results could differ from this sensitivity analysis and the difference could be material.

**Fair value hierarchy (\$000s except % amounts)
(see note 3 in the generic notes)**

The following is a summary of the inputs used as of September 30 and March 31, 2013 in the valuation of the Fund's financial instruments carried at fair value.

September 30, 2013	Level 1	Level 2	Level 3	Total
Equities	–	–	–	–
Mutual fund units	307 306	–	–	307 306
Fixed-income and debt securities	–	–	–	–
Short-term investments	–	–	–	–
Derivatives – assets	–	–	–	–
Derivatives – liabilities	–	–	–	–
Total financial instruments	307 306	–	–	307 306
% of total portfolio	100.0	–	–	100.0

March 31, 2013	Level 1	Level 2	Level 3	Total
Equities	–	–	–	–
Mutual fund units	386 202	–	–	386 202
Fixed-income and debt securities	–	–	–	–
Short-term investments	–	–	–	–
Derivatives – assets	–	–	–	–
Derivatives – liabilities	–	–	–	–
Total financial instruments	386 202	–	–	386 202
% of total portfolio	100.0	–	–	100.0

For the periods ended September 30 and March 31, 2013, there were no transfers of financial instruments between Level 1 and Level 2.

Management fees (see note 6 in the generic notes)

No management fees are payable by the Fund with respect to Series O mutual fund shares. Series O shareholders pay a negotiated fee directly to RBC GAM for investment-counselling services.

Management fees of the other series of the Fund are calculated at the following annual percentages, before GST/HST, of the daily net asset value of each series of the Fund.

Series A	1.25%
Advisor Series	1.25%
Series H	1.10%
Series D	0.90%
Series F	0.75%
Series I	0.60%

September 30, 2013

Operating expenses (see note 6 in the generic notes)

Administration fees payable by each series of the Fund are calculated at the following annual percentages, before GST/HST, of the daily net asset value of each series of the Fund.

Series A	0.03%
Advisor Series	0.03%
Series H	0.03%
Series D	0.03%
Series F	0.03%
Series I	0.03%
Series O	0.02%

Initial investments (\$000s except mutual fund share amounts)

Royal Bank of Canada, or one of its subsidiaries, held the following investments in the Fund as at:

	September 30 2013	March 31 2013
Mutual fund shares held		
Series A	52	50
Advisor Series	52	50
Series H	100	97
Series D	52	50
Series F	52	50
Series I	100	97
Value of all mutual fund shares	\$ 4	\$ 4

Shareholders' equity (000s)

The shareholders' equity of the Fund includes amounts representing mutual fund shares, undistributed net income (loss), realized gain (loss) on investments and unrealized gain (loss) on investments. There is no limitation on the number of mutual fund shares available for issue. Mutual fund shares are purchased and redeemed at the transactional NAV per mutual fund share.

Ending number of mutual fund shares	17 503	16 641

Please see the generic notes at the back of the financial statements.

1. The Funds

The mutual funds (“Fund” or “Funds”) are classes of mutual fund shares of RBC Corporate Class Inc. (the “Corporation”). The Corporation is a mutual fund corporation incorporated under the laws of Canada by articles of incorporation dated July 8, 2011. RBC GAM is the manager and portfolio advisor of the Funds.

The Funds may issue an unlimited number of mutual fund shares in some or all of Series A, Advisor Series, Advisor Series T5, Series T5, Series H, Series D, Series F, Series FT5, Series I and Series O.

Series A and Series T5 mutual fund shares have no sales charges and are available to all investors. Series T5 shareholders receive regular monthly distributions.

Advisor Series and Advisor T5 Series mutual fund shares are available to all investors with an initial sales charge or low-load sales charge option. Under the initial sales charge option, investors pay a sales commission ranging from 0% to 5% of the amount invested. Under the low-load sales charge option, investors do not pay a commission. Advisor T5 Series shareholders receive regular monthly distributions, but a sales charge of 2.0% will be charged if you redeem your mutual fund shares within two years of buying them. The charge is based on the original cost of your mutual fund shares and how long you held them. We deduct the charge from the value of the mutual fund shares you redeem.

Series H mutual fund shares have no sales charges, have lower fees than Series A mutual fund shares and are only available to investors who invest and maintain the required minimum balance.

Series D mutual fund shares have no sales charges and have lower fees than Series A mutual fund shares. Series D mutual fund shares are only available to investors who have accounts with RBC Direct Investing Inc. or Phillips, Hager & North Investment Funds Ltd.

Series F and Series FT5 mutual fund shares have no sales charges and have lower fees than Series A mutual fund shares. Series F mutual fund shares are only available to investors who have accounts with dealers who have signed a fee-based agreement with RBC GAM. Series FT5 shareholders receive regular monthly distributions.

Series I mutual fund shares have no sales charges, have lower fees than Series F mutual fund shares and are only available to investors who invest and maintain the required minimum balance and who have accounts with dealers who have signed a fee-based agreement with RBC GAM.

Series O mutual fund shares have no management fees. Series O shareholders pay a negotiated fee directly to RBC GAM.

2. Financial year/period

The information provided in these financial statements and notes thereto is for the six-month period ended September 30, 2013 and 2012, or as at September 30, 2013 and March 31, 2013. In the year a Fund or series is established, “period” represents the period from inception to March 31 of that fiscal year.

3. Summary of significant accounting policies

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles (“GAAP”), which include estimates and assumptions made by management that may affect the reported amounts of assets (primarily valuation of investments), liabilities, income and expenses during the reported period. Actual results may differ from estimates. The significant accounting policies of the Funds are as follows:

Valuation of Investments In accordance with the Canadian Institute of Chartered Accountants (“CICA”) Handbook Section 3862, *Financial Instruments – Disclosures*, the Funds’ financial instruments are measured at fair value using a three-tier hierarchy based on inputs used to value the Funds’ investments and derivatives. The hierarchy of inputs is summarized below:

Level 1 – quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2 – inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices); and

Level 3 – inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Changes in valuation methods may result in transfers into or out of an investment’s assigned level.

The three-tier hierarchy of investments and derivatives is included in “Notes to Financial Statements – Fund Specific Information.”

Investments are recorded at fair value, which is determined as follows:

Mutual Fund Share Valuation – Mutual fund shares or limited partnership units of Funds are valued at their respective transactional NAV per mutual fund share received from fund companies on the relevant valuation dates.

September 30, 2013

Valuation of Series A different net asset value is calculated for each series of mutual fund shares of a Fund. The net asset value of a particular series of mutual fund shares is computed by calculating the value of the series' proportionate share of the assets and liabilities of the Fund common to all series less the liabilities of the Fund attributable only to that series. Expenses directly attributable to a series are charged to that series. Other expenses are allocated proportionately to each series based upon the relative net asset value of each series. Expenses are accrued daily.

Investment Transactions Investment transactions are accounted for as of the trade date. The period change in the difference between fair value and average cost of securities represents unrealized gains and losses. The basis of determining the cost of portfolio assets, and realized and unrealized gains and losses on investments, is average cost.

Income Recognition Interest income is recognized on an accrual basis. "Other revenue" includes income earned by a Fund from investments in underlying funds.

Increase (Decrease) in Net Assets from Operations Per Mutual Fund Share Increase (decrease) in net assets from operations per mutual fund share in the Statements of Operations represents the increase (decrease) in net assets from operations by series, divided by the average mutual fund shares outstanding per series during the period.

Early Redemption Fees Early redemption fees (short-term trading fees) are paid directly to a Fund and are designed to deter excessive trading and its associated costs. With the exception of money market funds, a Fund may apply a fee of 2% of the current value of mutual fund shares if the shareholder redeems or switches out mutual fund shares within seven days of purchasing or previously switching into a Fund.

4. Financial instrument risk and capital management

RBC GAM is responsible for managing each Fund's capital, which is its net assets and consists primarily of its financial instruments.

A Fund's investment activities expose it to a variety of financial risks. RBC GAM seeks to minimize potential adverse effects of these risks on a Fund's performance by employing professional, experienced portfolio advisors, daily monitoring of the Fund's holdings and market events, diversifying its investment portfolio within the constraints of its investment objectives, and, in some cases, periodically hedging certain risk exposures through the use of derivatives. To assist in managing risks, RBC GAM also uses internal guidelines,

maintains a governance structure that oversees each Fund's investment activities and monitors compliance with the Fund's investment strategies, internal guidelines and securities regulations.

Liquidity risk

Liquidity risk is the possibility that investments in a Fund cannot be readily converted into cash when required. A Fund is exposed to daily cash redemptions of redeemable mutual fund shares. Liquidity risk is managed by investing the majority of a Fund's assets in investments that are traded in an active market and that can be readily disposed. In accordance with securities regulations, a Fund must maintain at least 90% of its assets in liquid investments. In addition, a Fund aims to retain sufficient cash and cash equivalent positions to maintain liquidity, and has the ability to borrow up to 5% of its net assets for the purpose of funding redemptions.

Credit risk

Credit risk is the risk that a loss could arise from a security issuer or counterparty not being able to meet its financial obligations. The carrying amount of investments and other assets represents the maximum credit risk exposure as disclosed in a Fund's Statements of Net Assets. The fair value of fixed-income and debt securities includes a consideration of the credit worthiness of the debt issuer. Credit risk exposure to over-the-counter derivative instruments is based on a Fund's unrealized gain on the contractual obligations with the counterparty. RBC GAM monitors each Fund's credit exposure and counterparty ratings daily.

Interest rate risk

Interest rate risk is the risk that the fair value of a Fund's interest-bearing investments will fluctuate due to changes in market interest rates. The value of fixed-income and debt securities, such as bonds, debentures, mortgages, or other income-producing securities, is affected by interest rates. Generally, the value of these securities increases if interest rates fall and decreases if interest rates rise.

Currency risk

Currency risk is the risk that the value of investments denominated in currencies, other than the functional currency of a Fund, will fluctuate due to changes in foreign exchange rates. The value of investments denominated in a currency other than Canadian dollars is affected by changes in the value of the Canadian dollar or a Fund's functional currency, in relation to the value of the currency in which the investment is denominated. When the value of the Canadian

dollar falls in relation to foreign currencies, then the value of foreign investments rises. When the value of the Canadian dollar rises, the value of foreign investments falls.

Other price risk

Other price risk is the risk that the value of financial instruments will fluctuate as a result of changes in market prices (other than those arising from interest rate or currency risk), whether caused by factors specific to an individual investment, its issuer, or all factors affecting all instruments traded in a market or market segment.

5. Taxes

The Corporation qualifies as a mutual fund corporation under the *Income Tax Act* (Canada) and is subject to tax on the amount of its taxable income in each taxation year, ending March 31.

Each Fund represents a class of mutual fund shares of the Corporation. All classes of the mutual fund shares of the Corporation are combined as a single legal entity for tax purposes in computing the net income (loss) and net capital gains (losses). Net losses of one class may be used to offset net gains of another class to reduce the net income or net gain of the Corporation as a whole.

Taxable dividends received from taxable Canadian corporations are subject to a tax of 33 $\frac{1}{3}$ %. Such taxes are fully refundable upon payment of taxable dividends to its shareholders on a basis of \$1 for every \$3 of dividends paid. Any such tax paid is reported as an amount receivable until recovered through the payment to shareholders of dividends out of net investment income. Interest income and foreign dividends, net of applicable expense, are taxed at full corporate rates applicable to mutual fund corporations with credits, subject to certain limitations for foreign taxes paid. All tax on net realized taxable capital gains is refundable when the gains are distributed to shareholders as capital gains dividends or through redemption of shares at the request of shareholders. Income taxes, if any, are allocated to the classes of shares of the Corporation on a fair and reasonable basis.

Temporary differences between the tax basis of assets and liabilities and their carrying amounts may be either taxable or deductible. Taxable temporary differences give rise to future income tax liabilities and deductible temporary differences give rise to future income tax assets. When the fair value of investments is greater than its tax basis, a future income tax liability arises and the future tax liability is offset by refundable taxes generated by future payments of capital

gains dividends. When the fair value of investments is less than its tax basis, a future income tax asset arises and due to the uncertainty of such future income tax assets ultimately being realized, a full valuation allowance is applied to offset the asset. Any unused capital and non-capital losses represent future tax assets to the Funds for which a full valuation allowance has been established such that no net benefit has been recorded by the Funds.

For the taxation year ended March 31, 2013, the Corporation has no capital losses and non-capital losses to carry forward.

6. Administrative and other related-party transactions

Manager and Portfolio Advisor

RBC GAM is an indirect, wholly owned subsidiary of Royal Bank of Canada ("Royal Bank") and is the manager and portfolio advisor of the Funds. RBC GAM is responsible for the Funds' day-to-day operations, provides investment advice and portfolio management services to the Funds and appoints distributors for the Funds. RBC GAM is paid a management fee by the Funds as compensation for its services. No management fees are paid by the Funds with respect to Series O mutual fund shares. Series O shareholders pay a negotiated fee directly to RBC GAM for investment-counselling services.

The Funds pay a fixed administration fee to RBC GAM. RBC GAM in turn pays certain operating expenses of the Funds. These expenses include regulatory filing fees and other day-to-day operating expenses including, but not limited to, recordkeeping, accounting and fund valuation costs, custody fees, audit and legal fees and the costs of preparing and distributing annual and semi-annual reports, prospectuses, statements and investor communications.

Notwithstanding the fixed administration fee, the Funds also pay certain operating expenses directly, including the costs related to the Board of Directors of the Corporation, the Board of Governors ("BoG") of the Funds and the trustees of the Corporate Class Trust (the holders of the Common Shares of the Corporation), the cost of any new government or regulatory requirements introduced and any borrowing costs (collectively, *other fund costs*), and taxes (including, but not limited to, GST/HST). Other fund costs will be allocated among each series of mutual fund shares of a Fund in accordance with the services used. RBC GAM may, in some years and in certain cases, absorb a portion of operating expenses. The decision to absorb the operating expenses is reviewed annually and determined at the discretion of RBC GAM, without notice to shareholders.

September 30, 2013

Certain Funds may invest directly or indirectly in units of other funds managed by RBC GAM or its affiliates.

Affiliates of RBC GAM that provide services to the Funds in the course of their normal businesses are discussed below.

Distributors

RBC GAM, RBC Direct Investing Inc., RBC Dominion Securities Inc. and Phillips, Hager & North Investment Funds Ltd. are principal distributors of, or distribute certain series of mutual fund shares of, the Funds. Dealers receive an ongoing commission based on the total value of their clients' Series A, Advisor Series, Series H and Series D mutual fund shares.

Custodian

RBC Investor Services Trust ("RBC IS") is the custodian and holds the assets of the Funds.

Registrars

RBC IS and RBC GAM are the registrars of the Funds and keep records of who owns the mutual fund shares of the Funds.

Brokerage

The Funds have established standard brokerage agreements at market rates with related-party brokerages.

Other Related-Party Transactions

Pursuant to applicable securities legislation, the Funds relied on the standing instructions from the BoG in its capacity as the Independent Review Committee with respect to one or more of the following transactions:

Related-Party Trading Activities

- (a) trades in securities of Royal Bank;
- (b) investments in the securities of issuers for which a related-party dealer acted as an underwriter during the distribution of such securities and the 60-day period following the conclusion of such distribution of the underwritten securities to the public;
- (c) purchases of equity and debt securities from or sales of equity or debt securities to a related-party dealer, where it acted as principal; and

Inter-Fund Trading

- (d) purchases or sales of securities of an issuer from or to another investment fund or managed account managed by RBC GAM.

The applicable standing instructions require that Related-Party Trading Activities and Inter-Fund Trading be conducted in accordance with RBC GAM policy and that RBC GAM advise the BoG of a material breach of any standing instruction. RBC GAM policy requires that an investment decision in respect of Related-Party Trading Activities (i) is made free from any influence of Royal Bank or its associates or affiliates and without taking into account any consideration relevant to Royal Bank or its affiliates or associates, (ii) represents the business judgment of the portfolio manager, uninfluenced by considerations other than the best interests of the Funds, (iii) is in compliance with RBC GAM policies and procedures, and (iv) achieves a fair and reasonable result for the Funds. RBC GAM policy requires that an investment decision in respect of Inter-Fund Trading is in the best interests of each Fund.

7. Future accounting changes

International Financial Reporting Standards

The Funds will be required to adopt the International Financial Reporting Standards ("IFRS") beginning in their fiscal 2015 year. In preparation to meet the requirements, RBC GAM has taken the following steps in managing the transition to IFRS:

- (a) established a committee for the development and implementation of a transition plan and to provide oversight of the transition to IFRS;
- (b) commenced activities to identify key issues and the likely impacts resulting from the adoption of IFRS; and
- (c) initiated analysis to reconfigure accounting systems used by the Funds.

The key elements of the plan currently include the disclosures of the quantitative impact, if any, in the comparative 2014 financial statements and the preparation of the 2015 financial statements in accordance with IFRS.

Since IFRS standards are constantly evolving, the major qualitative impacts based on standards approved to date are the addition of a cash flow statement and the impact of classification of puttable instruments, the mutual fund shares of the Fund, as a liability or as an equity.

Regardless of the financial statement impacts, RBC GAM has presently determined that there will be no quantitative impact to the transactional NAV of each series as a result of the changeover to IFRS.
