

RBC Target 2029 Canadian Government Bond ETF

Performance analysis as of March 31, 2024

Notes

Securities regulations do not allow us to report performance for an exchange traded fund that has been available for less than one year.

Investment objective

Provide income, for a limited period of time ending on the RBC Target 2029 Canadian Government Bond ETF's termination date, by investing primarily in a portfolio of fixed-income securities issued by Canadian governments and agencies that mature in the same calendar year as the ETF's termination date. It is anticipated that the ETF will terminate on or about September 30, 2029.

Reasons to invest

- Matures like a traditional bond
- Diversified exposure to investment-grade Canadian Government bonds
- Attractive monthly income

Disclosure

RBC ETFs are offered by RBC Global Asset Management Inc. ("RBC GAM") and distributed through authorized dealers. Commissions, management fees and expenses all may be associated with investments in exchange-traded funds (ETFs). Please read the prospectus and/or ETF Facts before investing. ETFs are not guaranteed, their values change frequently and past performance may not be repeated. ETF units are bought and sold at market price on a stock exchange and brokerage commissions will reduce returns. RBC ETFs do not seek to return any predetermined amount at maturity. Index returns do not represent RBC ETF returns. RBC ETFs are managed by RBC GAM, an indirect wholly-owned subsidiary of Royal Bank of Canada.

Except as otherwise noted, the indicated rates of return are the historical total returns for the periods including changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, commission charges or income taxes payable by any unitholder that would have reduced returns.

This document has been compiled by RBC GAM from sources believed to be reliable, but no representations or warranty, express or implied, are made by RBC GAM, its affiliates or any other person as to its accuracy, completeness or correctness. Graphs are only used to illustrate the effects of the compound growth rate and do not reflect future values of any fund or returns on investment of any fund. Growth of \$10K chart shown represents a hypothetical investment of the Fund over the last 10 years, or from the last day of the since inception month for funds with less than 10 years performance history. The Top Ten/25 Holdings may change due to ongoing portfolio transactions within the fund. MER (%) is based on actual expenses reported in the fund's most recent Semi-Annual or Annual Management Report of Fund Performance expressed on an annualized basis.
