

MONEY MARKET FUND

## RBC \$U.S. MONEY MARKET FUND

---

December 31, 2023

**Portfolio Manager** RBC Global Asset Management Inc. ("RBC GAM")

The Board of Directors of RBC Global Asset Management Inc. approved this annual management report of fund performance on March 7, 2024.

### **A Note on Forward-looking Statements**

This report may contain forward-looking statements about the Fund, its future performance, strategies or prospects, and possible future Fund action. The words "may," "could," "should," "would," "suspect," "outlook," "believe," "plan," "anticipate," "estimate," "expect," "intend," "forecast," "objective" and similar expressions are intended to identify forward-looking statements.

Forward-looking statements are not guarantees of future performance. Forward-looking statements involve inherent risks and uncertainties, both about the Fund and general economic factors, so it is possible that predictions, forecasts, projections and other forward-looking statements will not be achieved. We caution you not to place undue reliance on these statements as a number of important factors could cause actual events or results to differ materially from those expressed or implied in any forward-looking statement made in relation to the Fund. These factors include, but are not limited to, general economic, political and market factors in Canada, the United States and internationally, interest and foreign exchange rates, global equity and capital markets, business competition, technological changes, changes in laws and regulations, judicial or regulatory judgments, legal proceedings and catastrophic events.

The above list of important factors that may affect future results is not exhaustive. Before making any investment decisions, we encourage you to consider these and other factors carefully. All opinions contained in forward-looking statements are subject to change without notice and are provided in good faith but without legal responsibility.

## MANAGEMENT DISCUSSION OF FUND PERFORMANCE (in USD)

### Investment Objective and Strategies

The Fund seeks to provide U.S. dollar current income and liquidity consistent with short-term U.S. money-market rates.

To preserve the value of the investment, the Fund is invested primarily in high-quality short-term (one year or less) debt securities including Treasury bills, bankers acceptances and commercial paper.

### Risk

There were no significant changes to the investment objective and strategies that affected the Fund's overall level of risk during the reporting period. The risks of investing in the Fund and the suitability of the Fund for investors remain as discussed in the Simplified Prospectus.

### Results of Operations

The Fund's net asset value rose to \$260 million as of December 31, 2023, from \$174 million at the end of 2022. The increase was due to net inflows.

As of December 31, 2023, the current yields were 5.37% for Series A units, 5.39% for Series D units, 5.48% for Series F units, and 5.70% for Series O units.

Over the past year, the Fund's Series F units gained 5.18%. The Fund's return is after the deduction of fees and expenses, while benchmark and broad-based index returns do not include any costs of investing. See the Financial Highlights section for the management expense ratios and the Past Performance section for the returns of any other series, which may vary because of differences in management fees and expenses.

U.S. money markets recorded strong returns in 2023 as short-term yields spent the year at their highest levels since 2007. The higher yields resulted from almost two years of increases in benchmark interest rates by the U.S. Federal Reserve (the "Fed") and meant that short-term fixed income offered better coupon income and returns than longer-term securities. The U.S. economy was bolstered for most of 2023 by falling inflation and the prevalence of long-term, low-interest-rate mortgages, which freed up cash for U.S. consumers to spend on other goods and services. With inflation falling toward the Fed's 2% target, investors became more confident that the U.S. central bank would begin cutting rates as early as the first half of 2024.

The portfolio manager used the rise in central-bank-set interest rates and the corresponding increase in short-term yields to lock in higher rates for as long as possible. The Fund's assets remained concentrated in asset-backed commercial paper given that the availability of higher-yielding short-term corporate securities was limited. Both offer higher yields than government securities.

Regulatory liquidity was satisfied through the holding of positions in overnight term deposits and U.S.-dollar-denominated provincial and federal government paper.

### Recent Developments

Interest rates may have to come down in the year ahead as consumer savings from the pandemic dwindle and the employment market continues to slow. The portfolio manager believes that money-market rates should trend lower over the next year as investors turn their focus to the likelihood of rate cuts at some point in 2024. However, any Fed reductions in benchmark interest rates will depend on whether inflation remains under control. Investors could know by the end of 2024 whether the economy has achieved an economic "soft landing."

Effective January 1, 2023, Suromitra Sanatani was appointed as Chair of the Independent Review Committee ("the IRC"). Effective February 1, 2023, Joanne Vézina was appointed as a member of the IRC. Effective March 1, 2023, Enrique Cuyegkeng was appointed as a member of the IRC.

### Related-Party Transactions

#### ***Manager, Trustee and Portfolio Manager***

RBC GAM is an indirect, wholly owned subsidiary of Royal Bank of Canada ("Royal Bank") and is the manager, trustee and portfolio manager of the Fund. RBC GAM is responsible for the Fund's day-to-day operations, holds title to the Fund's property on behalf of its unitholders, provides investment advice and portfolio management services to the Fund and appoints distributors for the Fund. RBC GAM is paid a management fee by the Fund as compensation for its services. The Fund pays a fixed administration fee to RBC GAM, which, in turn, pays certain operating expenses of the Fund. Both the management fee and fixed administration fee are calculated and accrued daily as a percentage of the net asset value of each series of units of the Fund. RBC GAM, as trustee, earns a fee, which is paid by the manager from the fixed administration fee paid by the Fund.

RBC GAM or its affiliates may earn fees and spreads in connection with various services provided to, or transactions with, the Fund, such as banking, brokerage, securities lending, foreign exchange and derivatives transactions. RBC GAM or its affiliates may earn a foreign exchange spread when unitholders switch between series of funds denominated in different currencies. The Fund also maintains bank accounts and overdraft provisions with Royal Bank for which Royal Bank may earn a fee. Affiliates of RBC GAM that provide services to the Fund in the course of their normal businesses are discussed below.

***Distributors***

RBC GAM, Royal Mutual Funds Inc., RBC Direct Investing Inc., RBC Dominion Securities Inc. and Phillips, Hager & North Investment Funds Ltd. are principal distributors of, or may distribute certain series of units of, the Fund. Dealers may receive an ongoing commission based on the total value of their clients' investment in certain series of units of the Fund.

***Registrars***

RBC GAM, RBC Investor Services Trust ("RBC IS") or Royal Bank (or a combination thereof) are the registrars of the Fund and keep records of who owns units of the Fund. The registrars earn a fee, which is paid by the manager from the fixed administration fee paid by the Fund.

***Custodian***

RBC IS is the custodian and holds the assets of the Fund. RBC IS earns a fee as the custodian, which is paid by the manager from the fixed administration fee paid by the Fund.

***Securities Lending Agent***

To the extent the Fund may engage in securities lending transactions, RBC IS may act as the Fund's securities lending agent. Any revenue earned on such securities lending is split between the Fund and the securities lending agent.

***Other Related-Party Transactions***

Pursuant to applicable securities legislation, the Fund relied on the standing instructions from the Independent Review Committee with respect to one or more of the following transactions:

***Related-Party Trading Activities***

- (a) trades in securities of Royal Bank;
- (b) investments in the securities of issuers for which a related-party dealer acted as an underwriter during the distribution of such securities and the 60-day period following the conclusion of such distribution of the underwritten securities to the public;
- (c) purchases of equity, debt securities or mortgages from or sales of equity, debt securities or mortgages to a related-party dealer, where it acted as principal; and

***Inter-Fund Trading***

- (d) purchases or sales of securities of an issuer from or to another investment fund or managed account managed by RBC GAM.

The applicable standing instructions require that Related-Party Trading Activities and Inter-Fund Trading be conducted in accordance with RBC GAM policy and that RBC GAM advise the Independent Review Committee of a material breach of any standing instruction. RBC GAM policy requires that an investment decision in respect of Related-Party Trading Activities (i) is made free from any influence of Royal Bank or its associates or affiliates and without taking into account any consideration relevant to Royal Bank or its affiliates or associates, (ii) represents the business judgment of the portfolio manager, uninfluenced by considerations other than the best interests of the Fund, (iii) is in compliance with RBC GAM policies and procedures, and (iv) achieves a fair and reasonable result for the Fund. RBC GAM policy requires that an investment decision in respect of Inter-Fund Trading is in the best interests of each Fund.

<sup>1</sup> Net assets and distributions are based on the actual number of units outstanding at the relevant time. The increase/decrease from operations is based on the weighted average number of units outstanding over the financial period. This table is not intended to be a reconciliation of beginning to ending net assets per unit.

<sup>2</sup> Distributions are reinvested in additional units of the Fund or paid in cash.

<sup>1</sup> The management expense ratio ("MER") is based on the direct expenses charged to the Fund and the Fund's proportionate share of the expenses of underlying funds, if any, for the stated period, excluding commissions and other portfolio transaction costs, and is expressed as an annualized percentage of the daily average net asset value during the period. RBC GAM may, at its discretion and without notice to unitholders, waive or absorb certain operating expenses. MER includes the waiver or absorption by RBC GAM of certain operating expenses, while the MER before absorption shows the MER prior to operating expenses being waived or absorbed by RBC GAM.

<sup>2</sup> The Fund's portfolio turnover rate gives an indication of the level of activity employed by the portfolio manager. A portfolio turnover rate of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the year. The higher the Fund's portfolio turnover rate in a year, the greater the trading costs payable by the Fund in the year, and the greater the chance of an investor receiving taxable capital gains in the year. There is not necessarily a relationship between a high turnover rate and the performance of the Fund. The portfolio turnover rate is not applicable to money market funds.

<sup>3</sup> The trading expense ratio represents total commissions and other portfolio transaction costs of the Fund and the Fund's proportionate share of such costs of underlying funds expressed as an annualized percentage of daily average net asset value during the period. The trading expense ratio is not applicable to fixed-income transactions.

Effective June 29, 2022, the management fees for Series A units were reduced to 0.30% from 0.85%; for Series D units were reduced to 0.30% from 0.60%; for Series F units were reduced to 0.20% from 0.50%; and the administration fees for Series A, Series D and Series F units were reduced to 0.02% from 0.05%. If the changes to the management fees and administration fees would have been in effect throughout the financial year ended December 31, 2022, the adjusted MER and adjusted MER before absorption for each series of the Fund would be: Series A – 0.35% and 0.35%, Series D – 0.35% and 0.35%, and Series F – 0.23% and 0.23%, respectively.

Effective March 1, 2020, the administration fees for Series A units were reduced to 0.05% from 0.10%. If the changes to the administration fees would have been in effect throughout the financial year ended December 31, 2020, the adjusted MER and adjusted MER before absorption for each series of the Fund would be: Series A – 0.32% and 0.99%, respectively.

**FINANCIAL HIGHLIGHTS (in USD) (cont.)**

**Management Fees and Administration Fees**

Management fees and administration fees of each series of the Fund are payable to RBC GAM and calculated at the following annual percentages, before GST/HST, of the daily net asset value of each series of the Fund. The management fee, breakdown of services received in consideration of the management fee, as a percentage of the management fee, and the administration fee for each series are as follows:

	Management Fees*	Breakdown of Services		Administration Fees <sup>‡</sup>
		Distribution	Other <sup>†</sup>	
Series A	0.30%	33%	67%	0.02%
Series D	0.30%	33%	67%	0.02%
Series F	0.20%	–	100%	0.02%
Series O	n/a	n/a	n/a	0.02%

Series O – no management fees are paid by the Fund with respect to Series O units. Series O unitholders pay a negotiated fee directly to RBC GAM for investment-counselling services.

\* Effective June 29, 2022, the management fees for Series A units were reduced to 0.30% from 0.85%; for Series D units were reduced to 0.30% from 0.60%; and for Series F units were reduced to 0.20% from 0.50%.

† Includes all costs related to management, trustee, investment advisory services, general administration and profit.

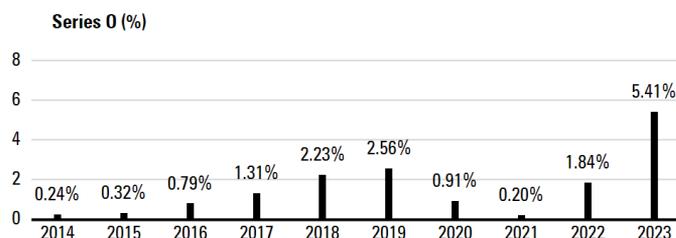

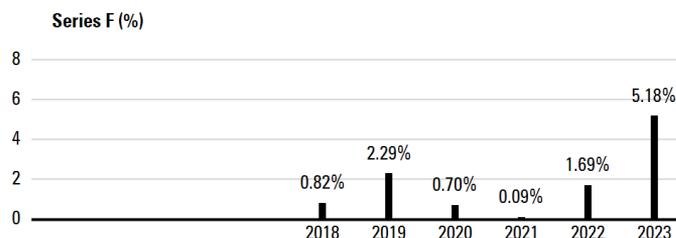

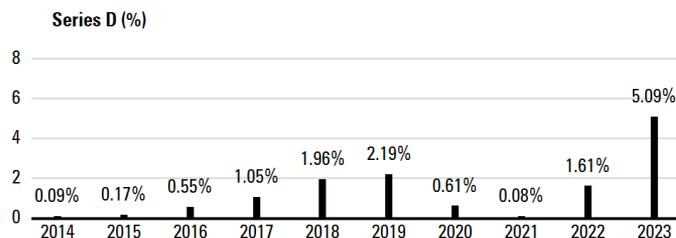

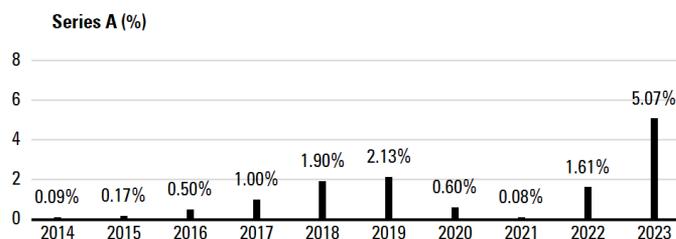

‡ Effective June 29, 2022, the administration fees for Series A, Series D and Series F units were reduced to 0.02% from 0.05%.

**PAST PERFORMANCE (in USD)**

The performance information shown assumes that all distributions made by the Fund in the periods shown were reinvested in additional units of the Fund and would be lower if distributions were not reinvested. The performance information does not take into account sales, redemption, distribution, optional charges or income taxes payable that would have reduced returns or performance. Past performance does not necessarily indicate how the Fund may perform in the future. A fund with more than 10 years of performance history is only permitted to disclose the past 10 years.

**Year-by-Year Returns (%)**

The bar chart indicates the Fund's performance for each of the years shown, and illustrates how the Fund's performance has changed from year to year. The bar chart shows, in percentage terms, how much an investment made on the first day of each financial year would have grown or decreased by the end of the financial year.

Series F units have been available for sale to unitholders since August 20, 2018.

Inception dates are not provided for series that have been in existence for more than 10 years.
