**Portfolio Manager** RBC Global Asset Management Inc. ("RBC GAM")

The Board of Directors of RBC Corporate Class Inc. approved this annual management report of fund performance on June 10, 2021.

### **A Note on Forward-looking Statements**

This report may contain forward-looking statements about the Fund, its future performance, strategies or prospects, and possible future Fund action. The words "may," "could," "should," "would," "suspect," "outlook," "believe," "plan," "anticipate," "estimate," "expect," "intend," "forecast," "objective" and similar expressions are intended to identify forward-looking statements.

Forward-looking statements are not guarantees of future performance. Forward-looking statements involve inherent risks and uncertainties, both about the Fund and general economic factors, so it is possible that predictions, forecasts, projections and other forward-looking statements will not be achieved. We caution you not to place undue reliance on these statements as a number of important factors could cause actual events or results to differ materially from those expressed or implied in any forward-looking statement made in relation to the Fund. These factors include, but are not limited to, general economic, political and market factors in Canada, the United States and internationally, interest and foreign exchange rates, global equity and capital markets, business competition, technological changes, changes in laws and regulations, judicial or regulatory judgments, legal proceedings and catastrophic events.

The above list of important factors that may affect future results is not exhaustive. Before making any investment decisions, we encourage you to consider these and other factors carefully. All opinions contained in forward-looking statements are subject to change without notice and are provided in good faith but without legal responsibility.

## MANAGEMENT DISCUSSION OF FUND PERFORMANCE

### Investment Objective and Strategies

The Fund seeks to provide long-term capital growth by investing primarily in a diversified portfolio of Canadian securities including, but not limited to, common and preferred shares of Canadian companies that pay dividends, real estate investment trusts and income trusts.

To achieve its investment objective, the Fund invests most of its assets in the RBC Canadian Equity Income Fund (the “underlying fund”). The underlying fund invests primarily in a diversified portfolio of Canadian equity securities including common and preferred shares, real estate investment trusts and income trusts. The underlying fund may also invest in fixed-income securities, such as government and corporate bonds, debentures and notes.

### Risk

There were no significant changes to the investment objective and strategies that affected the Fund’s overall level of risk during the reporting period. The risks of investing in the Fund and the suitability of the Fund for investors remain as discussed in the Simplified Prospectus.

### Results of Operations

The Fund’s net asset value rose to \$141 million as of March 31, 2021, from \$121 million as of March 31, 2020. The increase was due to investment returns, partially offset by net redemptions.

Over the past year, the Fund’s Series A shares gained 42.0%, underperforming the 44.2% rise in the benchmark. The Fund’s return is after the deduction of fees and expenses, while the benchmark and broad-based index returns do not include any costs of investing. See the Financial Highlights section for the management expense ratios and the Past Performance section for the returns of any other series, which may vary because of differences in management fees and expenses.

The S&P/TSX Composite Index staged a strong recovery in the 12-month period and reached record levels late in the first quarter of 2021, rebounding from steep declines caused by the emergence of the COVID-19 pandemic. The stock-market results came amid substantial fiscal stimulus and interest-rate cuts that kept financial global markets afloat. The promising news of vaccine rollouts in much of the developed world toward the end of 2020 further aided the recovery of Canadian stocks, as did a resurgence in commodity prices.

The Fund’s relative performance was aided by security selection, most notably in the Materials sector. Overweight positions in Labrador Iron Ore and West Fraser Timber contributed to returns as the companies benefited from rising iron-ore and lumber prices,

respectively. An overweight position in Canadian Tire also had a positive impact on returns, with the company posting strong online sales throughout the pandemic.

An underweight allocation to the Consumer Discretionary sector had a negative impact on the Fund’s relative returns. Returns were also limited by an overweight position in George Weston, whose stagnant food-making business offset strong earnings from the company’s drug and supermarket chains. Shares of Weston, Canada’s largest food company, rallied recently after the company said it will sell its baked-goods division and instead focus on retail. The absence in the portfolio of Shopify, the Canadian e-commerce company that does not pay a dividend, also held back returns relative to the broader Canadian stock market given that the company benefited from the growth in online shopping.

### Recent Developments

Investors continue to look ahead to an economic and earnings recovery as vaccine distribution continues, especially in the U.S. and parts of Europe. At this point, sustained monetary and fiscal support and evidence of a recovery in profits will be required to bolster equities. Investors will be paying attention to inflation expectations and interest rates, as bond yields in Canada have climbed back to pre-pandemic levels. Rising interest rates may be an indication that bond markets expect a sustained economic expansion, which historically has boosted stocks and sectors that are tied to growth. The Canadian stock market’s sizeable exposure to financial services and commodities should therefore support its relative performance in a global economic recovery.

Effective February 28, 2021, Ms. Catherine J. Kloepfer resigned as Vice Chair of the Independent Review Committee (the “IRC”). Effective March 22, 2021, Mr. Paul K. Bates was appointed as Vice Chair of the IRC. Effective April 1, 2021, Ms. Brenda Eaton was appointed as a member of the IRC.

Effective June 26, 2020, Advisor Series and Advisor T5 Series mutual fund shares were capped and were re-designated as Series A mutual fund shares and Series T5 mutual fund shares, respectively, effective August 4, 2020.

### Related-Party Transactions

#### *Manager and Portfolio Manager*

RBC GAM is an indirect, wholly owned subsidiary of Royal Bank of Canada (“Royal Bank”) and is the manager and portfolio manager of the Fund. RBC GAM is responsible for the Fund’s day-to-day operations, provides investment advice and portfolio management services to the Fund and appoints distributors for the Fund. RBC GAM is paid a management fee by the Fund as compensation for its services. The Fund pays a fixed administration fee to RBC GAM, which, in turn, pays certain operating expenses of the Fund.

Both the management fee and fixed administration fee are calculated and accrued daily as a percentage of the net asset value of each series of mutual fund shares of the Fund.

RBC GAM or its affiliates may earn fees and spreads in connection with various services provided to, or transactions with, the Fund, such as banking, brokerage, securities lending, foreign exchange and derivatives transactions. RBC GAM or its affiliates may earn a foreign exchange spread when shareholders switch between series of funds denominated in different currencies. The Fund also maintains bank accounts and overdraft provisions with Royal Bank for which Royal Bank may earn a fee. Affiliates of RBC GAM that provide services to the Fund in the course of their normal businesses are discussed below.

#### **Distributors**

RBC GAM, Royal Mutual Funds Inc., RBC Direct Investing Inc., RBC Dominion Securities Inc. and Phillips, Hager & North Investment Funds Ltd. are principal distributors of, or may distribute certain series of the mutual fund shares of, the Fund. Dealers receive an ongoing commission based on the total value of their clients' investment in certain series of mutual fund shares of the Fund.

#### **Registrars**

RBC GAM, RBC Investor Services Trust ("RBC IS") or Royal Bank (or a combination thereof) are the registrars of the Fund and keep records of who owns mutual fund shares of the Fund. The registrars earn a fee, which is paid by the manager from the fixed administration fee paid by the Fund.

#### **Custodian**

RBC IS is the custodian and holds the assets of the Fund. RBC IS earns a fee as the custodian, which is paid by the manager from the fixed administration fee paid by the Fund.

#### **Other Related-Party Transactions**

Pursuant to applicable securities legislation, the Fund relied on the standing instructions from the Independent Review Committee with respect to one or more of the following transactions:

##### *Related-Party Trading Activities*

- (a) trades in securities of Royal Bank;
- (b) investments in the securities of issuers for which a related-party dealer acted as an underwriter during the distribution of such securities and the 60-day period following the conclusion of such distribution of the underwritten securities to the public;
- (c) purchases of equity and debt securities from or sales of equity or debt securities to a related-party dealer, where it acted as principal; and

##### *Inter-Fund Trading*

- (d) purchases or sales of securities of an issuer from or to another investment fund or managed account managed by RBC GAM.

The applicable standing instructions require that Related-Party Trading Activities and Inter-Fund Trading be conducted in accordance with RBC GAM policy and that RBC GAM advise the Independent Review Committee of a material breach of any standing instruction. RBC GAM policy requires that an investment decision in respect of Related-Party Trading Activities (i) is made free from any influence of Royal Bank or its associates or affiliates and without taking into account any consideration relevant to Royal Bank or its affiliates or associates, (ii) represents the business judgment of the portfolio manager, uninfluenced by considerations other than the best interests of the Fund, (iii) is in compliance with RBC GAM policies and procedures, and (iv) achieves a fair and reasonable result for the Fund. RBC GAM policy requires that an investment decision in respect of Inter-Fund Trading is in the best interests of each Fund.

<sup>1</sup> The management expense ratio ("MER") is based on the direct expenses charged to the Fund and the Fund's proportionate share of the expenses of underlying funds, if any, for the stated period, excluding commissions and other portfolio transaction costs, and is expressed as an annualized percentage of the daily average net asset value during the period. RBC GAM may, at its discretion and without notice to shareholders, waive or absorb certain operating expenses. MER includes the waiver or absorption by RBC GAM of certain operating expenses, while the MER before absorption shows the MER prior to operating expenses being waived or absorbed by RBC GAM.

<sup>2</sup> The Fund's portfolio turnover rate gives an indication of the level of activity employed by the portfolio manager. A portfolio turnover rate of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the year. The higher the Fund's portfolio turnover rate in a year, the greater the trading costs payable by the Fund in the year, and the greater the chance of an investor receiving taxable capital gains in the year. There is not necessarily a relationship between a high turnover rate and the performance of the Fund.

<sup>3</sup> The trading expense ratio represents total commissions and other portfolio transaction costs expressed as an annualized percentage of daily average net asset value during the period. The trading expense ratio is not applicable to fixed-income transactions.

Effective March 1, 2020, the administration fees for Series A and Series T5 mutual fund shares were reduced to 0.08% from 0.13%. If the changes to the administration fees would have been in effect throughout the financial year ended March 31, 2020, the adjusted MER for each series of the Fund would be: Series A – 1.88% and Series T5 – 1.88%.

Effective June 30, 2016, the management fees for Series A and Series T5 mutual fund shares were reduced to 1.60% from 1.75%; for Series D mutual fund shares were reduced to 0.85% from 1.00%; and for Series F and Series FT5 mutual fund shares were reduced to 0.60% from 0.75%. If the changes to the management fees would have been in effect throughout the financial year ended March 31, 2017, the adjusted MER for each series of the Fund would be: Series A – 1.92%, Series T5 – 1.92%, Series D – 1.03%, Series F – 0.78% and Series FT5 – 0.80%.

**Management Fees and Administration Fees**

Management fees and administration fees of each series of the Fund are payable to RBC GAM and calculated at the following annual percentages, before GST/HST, of the daily net asset value of each series of the Fund. The management fee, breakdown of services received in consideration of the management fee, as a percentage of the management fee, and the administration fee for each series are as follows:

	Management Fees	Breakdown of Services		Administration Fees <sup>†</sup>
		Distribution	Other*	
Series A	1.60%	66%	34%	0.08%
Series T5	1.60%	66%	34%	0.08%
Series D	0.85%	25%	75%	0.08%
Series F	0.60%	–	100%	0.08%
Series FT5	0.60%	–	100%	0.08%
Series O	n/a	n/a	n/a	0.02%

Series O – no management fees are paid by the Fund with respect to Series O mutual fund shares. Series O shareholders pay a negotiated fee directly to RBC GAM for investment-counselling services.

\* Includes all costs related to management, investment advisory services, general administration and profit.

† Effective March 1, 2020, the administration fees for Series A and Series T5 mutual fund shares were reduced to 0.08% from 0.13%.

**PAST PERFORMANCE**

The performance information shown assumes that all distributions made by the Fund in the periods shown were reinvested in additional shares of the Fund and would be lower if distributions were not reinvested. The performance information does not take into account sales, redemption, distribution, optional charges or income taxes payable that would have reduced returns or performance. Past performance does not necessarily indicate how the Fund may perform in the future. A fund with more than 10 years of performance history is only permitted to disclose the past 10 years.

**Year-by-Year Returns (%)**

The bar chart indicates the Fund's performance for each of the years shown, and illustrates how the Fund's performance has changed from year to year. The bar chart shows, in percentage terms, how much an investment made on the first day of each financial year would have grown or decreased by the end of the financial year.
