December 31, 2021

**Portfolio Manager** RBC Global Asset Management Inc. ("RBC GAM")

The Board of Directors of RBC Global Asset Management Inc. approved this annual management report of fund performance on March 10, 2022.

### **A Note on Forward-looking Statements**

This report may contain forward-looking statements about the Fund, its future performance, strategies or prospects, and possible future Fund action. The words "may," "could," "should," "would," "suspect," "outlook," "believe," "plan," "anticipate," "estimate," "expect," "intend," "forecast," "objective" and similar expressions are intended to identify forward-looking statements.

Forward-looking statements are not guarantees of future performance. Forward-looking statements involve inherent risks and uncertainties, both about the Fund and general economic factors, so it is possible that predictions, forecasts, projections and other forward-looking statements will not be achieved. We caution you not to place undue reliance on these statements as a number of important factors could cause actual events or results to differ materially from those expressed or implied in any forward-looking statement made in relation to the Fund. These factors include, but are not limited to, general economic, political and market factors in Canada, the United States and internationally, interest and foreign exchange rates, global equity and capital markets, business competition, technological changes, changes in laws and regulations, judicial or regulatory judgments, legal proceedings and catastrophic events.

The above list of important factors that may affect future results is not exhaustive. Before making any investment decisions, we encourage you to consider these and other factors carefully. All opinions contained in forward-looking statements are subject to change without notice and are provided in good faith but without legal responsibility.

## MANAGEMENT DISCUSSION OF FUND PERFORMANCE

### Investment Objective and Strategies

The Fund seeks to provide the potential for long-term capital growth by investing primarily in equity securities of Canadian companies and follows a socially responsible approach to investing. RBC GAM has partnered with Sustainalytics to implement socially responsible investment (“SRI”) screening criteria by which a company’s environmental, social and governance (“ESG”) performance is assessed.

The SRI screening criteria include: (i) exclusionary screening criteria: excludes companies that manufacture, sell or provide services related to alcohol, gaming, weapons, adult entertainment, cannabis and tobacco. Involvement is assessed as a percentage of revenue; and (ii) qualitative screening criteria: excludes companies which have made a significant negative impact on stakeholders in areas such as community, corporate governance, employee relations, environment, human rights, and product and business practices. The screening process also removes companies that have poor performance relative to their industry peers.

On a monthly basis, Sustainalytics provides RBC GAM with a list of ineligible issuers based on the Fund’s SRI screening criteria. On a semi-annual basis, Sustainalytics conducts reviews of the Fund’s holdings against the SRI screening criteria.

### Risk

There were no significant changes to the investment objective and strategies that affected the Fund’s overall level of risk during the reporting period. The risks of investing in the Fund and the suitability of the Fund for investors remain as discussed in the Simplified Prospectus.

### Results of Operations

The Fund’s net asset value rose to \$514 million as of December 31, 2021, from \$301 million at the end of 2020. The increase was due to a combination of net inflows and investment returns.

Over the past year, the Fund’s Series A units gained 25.6%, which outperformed the 25.1% rise in the benchmark. The Fund’s return is after the deduction of fees and expenses, while benchmark and broad-based index returns do not include any costs of investing. See the Financial Highlights section for the management expense ratios and the Past Performance section for the returns of any other series, which may vary because of differences in management fees and expenses.

The S&P/TSX Composite Index had its best annual performance in more than a decade and reached new highs in 2021, as progress on COVID-19 vaccinations in much of the developed world fuelled economic growth, corporate earnings and commodity prices.

Canada’s stock market benefited given that commodity-linked businesses account for almost one-quarter of the S&P/TSX’s market capitalization. Economically sensitive sectors such as Real Estate and Financials performed strongly, helping to drive the Canadian market’s performance to its best since 2009.

The Fund’s exposure to Royal Bank of Canada, Brookfield Asset Management and Toronto-Dominion Bank had the most positive impact on the Fund’s returns, while exposure to Agnico Eagle Mines, Real Matters and B2Gold was negative for performance.

The sectors that had the most positive impact on the Fund’s returns were Consumer Discretionary, Health Care and Utilities, while exposure to Consumer Staples and Financials had a negative impact.

The Fund had overweight positions in Shaw Communications, Brookfield Asset Management and Manulife Financial and underweight positions in BCE, Barrick Gold and Shopify.

At the sector level, the Fund had overweight exposure to Financials, Industrials and Energy and underweight exposure to Consumer Staples, Utilities and Materials.

Sustainalytics conducted two reviews covering the Fund’s holdings in 2021. In the opinion of Sustainalytics and RBC GAM, all holdings in the Fund were eligible in the latest review based on the Fund’s SRI screening criteria. During 2021, no company was removed from the Fund for failing to meet the Fund’s SRI screening criteria.

### Recent Developments

The portfolio manager expects economic momentum to continue into 2022, albeit at a slower pace than originally expected due to the Omicron variant, and robust growth should support the outlook for corporate profits. As the recovery progresses, the portfolio manager believes that earnings growth will be driven by economically sensitive sectors, including Industrials, Energy and Consumer Discretionary.

There are, however, a number of risks to this outlook, including inflation. Persistent or accelerating inflation could prompt the Bank of Canada to remove monetary stimulus sooner than anticipated, and such action could, in the view of the portfolio manager, call into question the recovery in corporate profits and limit equity returns.

Effective April 11, 2022, all Advisor Series units with a deferred sales charge option will be re-designated as Series A units. Any redemption fees associated with such re-designations will be waived by RBC GAM.

Effective February 28, 2021, Ms. Catherine J. Kloepfer resigned as Vice Chair of the Independent Review Committee (the “IRC”). Effective March 22, 2021, Mr. Paul K. Bates was appointed as Vice Chair of the IRC. Effective April 1, 2021, Ms. Brenda Eaton was appointed as a member of the IRC.

## **Related-Party Transactions**

### ***Manager, Trustee and Portfolio Manager***

RBC GAM is an indirect, wholly owned subsidiary of Royal Bank of Canada ("Royal Bank") and is the manager, trustee and portfolio manager of the Fund. RBC GAM is responsible for the Fund's day-to-day operations, holds title to the Fund's property on behalf of its unitholders, provides investment advice and portfolio management services to the Fund and appoints distributors for the Fund. RBC GAM is paid a management fee by the Fund as compensation for its services. The Fund pays a fixed administration fee to RBC GAM, which, in turn, pays certain operating expenses of the Fund. Both the management fee and fixed administration fee are calculated and accrued daily as a percentage of the net asset value of each series of units of the Fund. RBC GAM, as trustee, earns a fee, which is paid by the manager from the fixed administration fee paid by the Fund.

RBC GAM or its affiliates may earn fees and spreads in connection with various services provided to, or transactions with, the Fund, such as banking, brokerage, securities lending, foreign exchange and derivatives transactions. RBC GAM or its affiliates may earn a foreign exchange spread when unitholders switch between series of funds denominated in different currencies. The Fund also maintains bank accounts and overdraft provisions with Royal Bank for which Royal Bank may earn a fee. Affiliates of RBC GAM that provide services to the Fund in the course of their normal businesses are discussed below.

### ***Distributors***

RBC GAM, Royal Mutual Funds Inc., RBC Direct Investing Inc., RBC Dominion Securities Inc. and Phillips, Hager & North Investment Funds Ltd. are principal distributors of, or may distribute certain series of units of, the Fund. Dealers may receive an ongoing commission based on the total value of their clients' investment in certain series of units of the Fund.

### ***Registrars***

RBC GAM, RBC Investor Services Trust ("RBC IS") or Royal Bank (or a combination thereof) are the registrars of the Fund and keep records of who owns units of the Fund. The registrars earn a fee, which is paid by the manager from the fixed administration fee paid by the Fund.

### ***Custodian***

RBC IS is the custodian and holds the assets of the Fund. RBC IS earns a fee as the custodian, which is paid by the manager from the fixed administration fee paid by the Fund.

### ***Securities Lending Agent***

To the extent the Fund may engage in securities lending transactions, RBC IS may act as the Fund's securities lending agent. Any revenue earned on such securities lending is split between the Fund and the securities lending agent.

### ***Brokers and Dealers***

The Fund has established standard brokerage and dealing agreements at market rates with related parties. For the periods ended December 31, 2021 and 2020, the related-party commissions were \$16,000 (2020 – \$16,000) or 11% (2020 – 11%) of the total transaction costs paid for this Fund.

### ***Other Related-Party Transactions***

Pursuant to applicable securities legislation, the Fund relied on the standing instructions from the Independent Review Committee with respect to one or more of the following transactions:

#### ***Related-Party Trading Activities***

- (a) trades in securities of Royal Bank;
- (b) investments in the securities of issuers for which a related-party dealer acted as an underwriter during the distribution of such securities and the 60-day period following the conclusion of such distribution of the underwritten securities to the public;
- (c) purchases of equity and debt securities from or sales of equity or debt securities to a related-party dealer, where it acted as principal; and

#### ***Inter-Fund Trading***

- (d) purchases or sales of securities of an issuer from or to another investment fund or managed account managed by RBC GAM.

The applicable standing instructions require that Related-Party Trading Activities and Inter-Fund Trading be conducted in accordance with RBC GAM policy and that RBC GAM advise the Independent Review Committee of a material breach of any standing instruction. RBC GAM policy requires that an investment decision in respect of Related-Party Trading Activities (i) is made free from any influence of Royal Bank or its associates or affiliates and without taking into account any consideration relevant to Royal Bank or its affiliates or associates, (ii) represents the business judgment of the portfolio manager, uninfluenced by considerations other than the best interests of the Fund, (iii) is in compliance with RBC GAM policies and procedures, and (iv) achieves a fair and reasonable result for the Fund. RBC GAM policy requires that an investment decision in respect of Inter-Fund Trading is in the best interests of each Fund.

<sup>1</sup> The management expense ratio ("MER") is based on the direct expenses charged to the Fund and the Fund's proportionate share of the expenses of underlying funds, if any, for the stated period, excluding commissions and other portfolio transaction costs, and is expressed as an annualized percentage of the daily average net asset value during the period. RBC GAM may, at its discretion and without notice to unitholders, waive or absorb certain operating expenses. MER includes the waiver or absorption by RBC GAM of certain operating expenses, while the MER before absorption shows the MER prior to operating expenses being waived or absorbed by RBC GAM.

<sup>2</sup> The Fund's portfolio turnover rate gives an indication of the level of activity employed by the portfolio manager. A portfolio turnover rate of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the year. The higher the Fund's portfolio turnover rate in a year, the greater the trading costs payable by the Fund in the year, and the greater the chance of an investor receiving taxable capital gains in the year. There is not necessarily a relationship between a high turnover rate and the performance of the Fund. The portfolio turnover rate is not applicable to money market funds.

<sup>3</sup> The trading expense ratio represents total commissions and other portfolio transaction costs of the Fund and the Fund's proportionate share of such costs of underlying funds expressed as an annualized percentage of daily average net asset value during the period. The trading expense ratio is not applicable to fixed-income transactions.

<sup>4</sup> From May 19, 2017.

Effective June 30, 2017, the administration fees for Series A units were reduced to 0.10% from 0.15%. If the changes to the administration fees would have been in effect throughout the financial year ended December 31, 2017, the adjusted MER for each series of the Fund would be: Series A – 1.87%.

**FINANCIAL HIGHLIGHTS (cont.)**

**Management Fees and Administration Fees**

Management fees and administration fees of each series of the Fund are payable to RBC GAM and calculated at the following annual percentages, before GST/HST, of the daily net asset value of each series of the Fund. The management fee, breakdown of services received in consideration of the management fee, as a percentage of the management fee, and the administration fee for each series are as follows:

	Management Fees	Breakdown of Services		Administration Fees
		Distribution	Other*	
Series A	1.60%	63%	37%	0.10%
Advisor Series	1.60%	63%	37%	0.10%
Series D	0.85%	29%	71%	0.10%
Series F	0.60%	–	100%	0.10%
Series O	n/a	n/a	n/a	0.02%

Series O – no management fees are paid by the Fund with respect to Series O units. Series O unitholders pay a negotiated fee directly to RBC GAM for investment-counselling services.

\* Includes all costs related to management, trustee, investment advisory services, general administration and profit.

**PAST PERFORMANCE**

The performance information shown assumes that all distributions made by the Fund in the periods shown were reinvested in additional units of the Fund and would be lower if distributions were not reinvested. The performance information does not take into account sales, redemption, distribution, optional charges or income taxes payable that would have reduced returns or performance. Past performance does not necessarily indicate how the Fund may perform in the future. A fund with more than 10 years of performance history is only permitted to disclose the past 10 years.

**Year-by-Year Returns (%)**

The bar chart indicates the Fund’s performance for each of the years shown, and illustrates how the Fund’s performance has changed from year to year. The bar chart shows, in percentage terms, how much an investment made on the first day of each financial year would have grown or decreased by the end of the financial year.
