**BLUEBAY \$U.S. GLOBAL CONVERTIBLE
BOND CLASS (CANADA)**

March 31, 2021

Portfolio Manager RBC Global Asset Management Inc. ("RBC GAM")

The Board of Directors of RBC Corporate Class Inc. approved this annual management report of fund performance on June 10, 2021.

A Note on Forward-looking Statements

This report may contain forward-looking statements about the Fund, its future performance, strategies or prospects, and possible future Fund action. The words "may," "could," "should," "would," "suspect," "outlook," "believe," "plan," "anticipate," "estimate," "expect," "intend," "forecast," "objective" and similar expressions are intended to identify forward-looking statements.

Forward-looking statements are not guarantees of future performance. Forward-looking statements involve inherent risks and uncertainties, both about the Fund and general economic factors, so it is possible that predictions, forecasts, projections and other forward-looking statements will not be achieved. We caution you not to place undue reliance on these statements as a number of important factors could cause actual events or results to differ materially from those expressed or implied in any forward-looking statement made in relation to the Fund. These factors include, but are not limited to, general economic, political and market factors in Canada, the United States and internationally, interest and foreign exchange rates, global equity and capital markets, business competition, technological changes, changes in laws and regulations, judicial or regulatory judgments, legal proceedings and catastrophic events.

The above list of important factors that may affect future results is not exhaustive. Before making any investment decisions, we encourage you to consider these and other factors carefully. All opinions contained in forward-looking statements are subject to change without notice and are provided in good faith but without legal responsibility.

This annual management report of fund performance ("MRFP") contains financial highlights but does not contain the complete annual financial statements of the Fund. You can get a copy of the financial statements at your request, and at no cost, by calling 1-800-463-FUND (3863), by writing to us at RBC Global Asset Management Inc., P.O. MANAGEMENT DISCUSSION OF FUND PERFORMANCE (in USD)

Investment Objective and Strategies

The Fund seeks to provide U.S. dollar total returns comprised of interest income and modest capital appreciation through exposure to global convertible bonds.

To achieve the Fund's objectives, the Fund invests most of its assets in the BlueBay \$U.S. Global Convertible Bond Fund (Canada) (the "underlying fund"), which holds mainly global convertible bonds issued by entities domiciled or carrying out business activities anywhere in the world. The portfolio manager of the underlying fund conducts detailed credit and equity analysis to identify investment opportunities offering higher probabilities of superior rates of return while minimizing the prospect of default.

Risk

There were no significant changes to the investment objective and strategies that affected the Fund's overall level of risk during the reporting period. The risks of investing in the Fund and the suitability of the Fund for investors remain as discussed in the Simplified Prospectus.

Results of Operations

The Fund's net asset value rose to \$2 million as of March 31, 2021, from \$274,000 as of March 31, 2020. The increase was due to net inflows.

Over the past year, the Fund's Series A shares gained 33.5%, underperforming the 35.5% rise in the benchmark. The Fund's return is after the deduction of fees and expenses, while the benchmark and broad-based index returns do not include any costs of investing. See the Financial Highlights section for the management expense ratios and the Past Performance section for the returns of any other series, which may vary because of differences in management fees and expenses.

The COVID-19 pandemic dominated investor attention over the 12-month period. Equity markets recovered from pandemic-related declines in early 2020 after an infusion of unprecedented central-bank support, and the S&P 500 Index rose to records in late 2020 and early 2021 after vaccines to treat the coronavirus were approved. However, the momentum in equity markets was limited late in the period by rising long-term government-bond yields caused by a stronger economic outlook and the passage of the Biden administration's US\$1.9 trillion fiscal stimulus in March.

Holdings that had a positive impact on the Fund's performance included Zhongsheng, the Chinese auto retailer that benefited from a rebound in luxury-car sales as many people avoided public transport in the wake of COVID-19; Innolux, a Taiwanese maker of LCD screens that benefited from strong demand for visual displays in TVs and

monitors; and Delivery Hero, a Berlin-based food-delivery company that benefited from rising food orders during the pandemic and received conditional approval to buy one of South Korea's biggest delivery apps.

Holdings that had a negative impact on the Fund's performance included Genfit, a biopharmaceutical company that fell after it reported disappointing late-stage trial results for its hepatitis drug; Okta, a developer of authentication software, declined after the company reported disappointing financial guidance for the first quarter of 2021; and Afterpay, whose service allows consumers to make purchases and pay for them in installments.

Recent Developments

The rise in bond yields in recent months has prompted investors to pull back from growth stocks. However, the portfolio manager expects equities to stabilize and then gradually rise as economic stimulus programs take effect and earnings move higher. The portfolio manager is comfortable that convertible bonds offer a degree of protection from falling equity markets, and with companies continuing to issue convertible securities, believes that there is ample opportunity for the portfolio to deliver attractive risk-adjusted returns.

Effective June 25, 2021, the Fund will be terminated. Shareholders may redeem their holdings until market close on June 23, 2021 and may switch their holdings until market close on June 24, 2021.

Effective February 28, 2021, Ms. Catherine J. Kloepfer resigned as Vice Chair of the Independent Review Committee (the "IRC"). Effective March 22, 2021, Mr. Paul K. Bates was appointed as Vice Chair of the IRC. Effective April 1, 2021, Ms. Brenda Eaton was appointed as a member of the IRC.

Effective June 26, 2020, Advisor Series mutual fund shares were capped and were re-designated as Series A mutual fund shares effective August 4, 2020.

Related-Party Transactions

Manager and Portfolio Manager

RBC GAM is an indirect, wholly owned subsidiary of Royal Bank of Canada ("Royal Bank") and is the manager and portfolio manager of the Fund. RBC GAM is responsible for the Fund's day-to-day operations, provides investment advice and portfolio management services to the Fund and appoints distributors for the Fund. RBC GAM is paid a management fee by the Fund as compensation for its services. The Fund pays a fixed administration fee to RBC GAM, which, in turn, pays certain operating expenses of the Fund. Both the management fee and fixed administration fee are calculated and accrued daily as a percentage of the net asset value of each series of mutual fund shares of the Fund.

March 31, 2021

RBC GAM or its affiliates may earn fees and spreads in connection with various services provided to, or transactions with, the Fund, such as banking, brokerage, securities lending, foreign exchange and derivatives transactions. RBC GAM or its affiliates may earn a foreign exchange spread when shareholders switch between series of funds denominated in different currencies. The Fund also maintains bank accounts and overdraft provisions with Royal Bank for which Royal Bank may earn a fee. Affiliates of RBC GAM that provide services to the Fund in the course of their normal businesses are discussed below.

Distributors

RBC GAM, Royal Mutual Funds Inc., RBC Direct Investing Inc., RBC Dominion Securities Inc. and Phillips, Hager & North Investment Funds Ltd. are principal distributors of, or may distribute certain series of the mutual fund shares of, the Fund. Dealers receive an ongoing commission based on the total value of their clients' investment in certain series of mutual fund shares of the Fund.

Registrars

RBC GAM, RBC Investor Services Trust ("RBC IS") or Royal Bank (or a combination thereof) are the registrars of the Fund and keep records of who owns mutual fund shares of the Fund. The registrars earn a fee, which is paid by the manager from the fixed administration fee paid by the Fund.

Custodian

RBC IS is the custodian and holds the assets of the Fund. RBC IS earns a fee as the custodian, which is paid by the manager from the fixed administration fee paid by the Fund.

Other Related-Party Transactions

Pursuant to applicable securities legislation, the Fund relied on the standing instructions from the Independent Review Committee with respect to one or more of the following transactions:

Related-Party Trading Activities

- (a) trades in securities of Royal Bank;
- (b) investments in the securities of issuers for which a related-party dealer acted as an underwriter during the distribution of such securities and the 60-day period following the conclusion of such distribution of the underwritten securities to the public;
- (c) purchases of equity and debt securities from or sales of equity or debt securities to a related-party dealer, where it acted as principal; and

Inter-Fund Trading

- (d) purchases or sales of securities of an issuer from or to another investment fund or managed account managed by RBC GAM.

The applicable standing instructions require that Related-Party Trading Activities and Inter-Fund Trading be conducted in accordance with RBC GAM policy and that RBC GAM advise the Independent Review Committee of a material breach of any standing instruction. RBC GAM policy requires that an investment decision in respect of Related-Party Trading Activities (i) is made free from any influence of Royal Bank or its associates or affiliates and without taking into account any consideration relevant to Royal Bank or its affiliates or associates, (ii) represents the business judgment of the portfolio manager, uninfluenced by considerations other than the best interests of the Fund, (iii) is in compliance with RBC GAM policies and procedures, and (iv) achieves a fair and reasonable result for the Fund. RBC GAM policy requires that an investment decision in respect of Inter-Fund Trading is in the best interests of each Fund.

¹ Net assets and distributions are based on the actual number of mutual fund shares outstanding at the relevant time. The increase/decrease from operations is based on the weighted average number of mutual fund shares outstanding over the financial period. This table is not intended to be a reconciliation of beginning to ending net assets per mutual fund share.

² Distributions are reinvested in additional mutual fund shares of the Fund or paid in cash.

¹ The management expense ratio ("MER") is based on the direct expenses charged to the Fund and the Fund's proportionate share of the expenses of underlying funds, if any, for the stated period, excluding commissions and other portfolio transaction costs, and is expressed as an annualized percentage of the daily average net asset value during the period. RBC GAM may, at its discretion and without notice to shareholders, waive or absorb certain operating expenses. MER includes the waiver or absorption by RBC GAM of certain operating expenses, while the MER before absorption shows the MER prior to operating expenses being waived or absorbed by RBC GAM.

² The Fund's portfolio turnover rate gives an indication of the level of activity employed by the portfolio manager. A portfolio turnover rate of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the year. The higher the Fund's portfolio turnover rate in a year, the greater the trading costs payable by the Fund in the year, and the greater the chance of an investor receiving taxable capital gains in the year. There is not necessarily a relationship between a high turnover rate and the performance of the Fund.

³ The trading expense ratio represents total commissions and other portfolio transaction costs expressed as an annualized percentage of daily average net asset value during the period. The trading expense ratio is not applicable to fixed-income transactions.

Effective January 1, 2020, the management fees for Series A mutual fund shares were reduced to 1.35% from 1.65%; for Series D mutual fund shares were reduced to 0.75% from 1.05%; and for Series F mutual fund shares were reduced to 0.60% from 0.90%. If the changes to the management fees would have been in effect throughout the financial year ended March 31, 2020, the adjusted MER for each series of the Fund would be: Series A – 1.59%, Series D – 0.96% and Series F – 0.83%.

Effective June 30, 2016, the management fees for Series A mutual fund shares were reduced to 1.65% from 1.70%; for Series D mutual fund shares were reduced to 1.05% from 1.10%; and for Series F mutual fund shares were reduced to 0.90% from 0.95%. If the changes to the management fees would have been in effect throughout the financial year ended March 31, 2017, the adjusted MER for each series of the Fund would be: Series A – 2.06%, Series D – 1.38% and Series F – 1.25%.

FINANCIAL HIGHLIGHTS (in USD) (cont.)

Management Fees and Administration Fees

Management fees and administration fees of each series of the Fund are payable to RBC GAM and calculated at the following annual percentages, before GST/HST, of the daily net asset value of each series of the Fund. The management fee, breakdown of services received in consideration of the management fee, as a percentage of the management fee, and the administration fee for each series are as follows:

	Management Fees*	Breakdown of Services		Administration Fees
		Distribution	Other†	
Series A	1.35%	44%	56%	0.02%
Series D	0.75%	14%	86%	0.02%
Series F	0.60%	–	100%	0.02%
Series O	n/a	n/a	n/a	0.02%

Series O – no management fees are paid by the Fund with respect to Series O mutual fund shares. Series O shareholders pay a negotiated fee directly to RBC GAM for investment-counselling services.

* Effective January 1, 2020, the management fees for Series A mutual fund shares were reduced to 1.35% from 1.65%; for Series D mutual fund shares were reduced to 0.75% from 1.05%; and for Series F mutual fund shares were reduced to 0.60% from 0.90%.

† Includes all costs related to management, investment advisory services, general administration and profit.

PAST PERFORMANCE (in USD)

The performance information shown assumes that all distributions made by the Fund in the periods shown were reinvested in additional shares of the Fund and would be lower if distributions were not reinvested. The performance information does not take into account sales, redemption, distribution, optional charges or income taxes payable that would have reduced returns or performance. Past performance does not necessarily indicate how the Fund may perform in the future. A fund with more than 10 years of performance history is only permitted to disclose the past 10 years.

Year-by-Year Returns (%)

The bar chart indicates the Fund's performance for each of the years shown, and illustrates how the Fund's performance has changed from year to year. The bar chart shows, in percentage terms, how much an investment made on the first day of each financial year would have grown or decreased by the end of the financial year.
