**Portfolio Manager** RBC Global Asset Management Inc. ("RBC GAM")

Sub-Advisor: BlackRock Asset Management Canada Limited, Toronto, Ontario

The Board of Directors of RBC Global Asset Management Inc. approved this annual management report of fund performance on March 10, 2022.

### **A Note on Forward-looking Statements**

This report may contain forward-looking statements about the Fund, its future performance, strategies or prospects, and possible future Fund action. The words "may," "could," "should," "would," "suspect," "outlook," "believe," "plan," "anticipate," "estimate," "expect," "intend," "forecast," "objective" and similar expressions are intended to identify forward-looking statements.

Forward-looking statements are not guarantees of future performance. Forward-looking statements involve inherent risks and uncertainties, both about the Fund and general economic factors, so it is possible that predictions, forecasts, projections and other forward-looking statements will not be achieved. We caution you not to place undue reliance on these statements as a number of important factors could cause actual events or results to differ materially from those expressed or implied in any forward-looking statement made in relation to the Fund. These factors include, but are not limited to, general economic, political and market factors in Canada, the United States and internationally, interest and foreign exchange rates, global equity and capital markets, business competition, technological changes, changes in laws and regulations, judicial or regulatory judgments, legal proceedings and catastrophic events.

The above list of important factors that may affect future results is not exhaustive. Before making any investment decisions, we encourage you to consider these and other factors carefully. All opinions contained in forward-looking statements are subject to change without notice and are provided in good faith but without legal responsibility.

## MANAGEMENT DISCUSSION OF FUND PERFORMANCE

### Investment Objective and Strategies

The Fund currently seeks to provide long-term capital growth by tracking the performance of the S&P 500 Total Return Index and investing primarily in equity securities in substantially the same proportion as the index, either directly or indirectly through investment in other funds. The Fund's securities are purchased in U.S. dollars. As a result, the Fund's return consists of a combination of the U.S. market return and the movement of the U.S. dollar relative to the Canadian currency.

### Risk

There were no significant changes to the investment objective and strategies that affected the Fund's overall level of risk during the reporting period. The risks of investing in the Fund and the suitability of the Fund for investors remain as discussed in the Simplified Prospectus.

### Results of Operations

The Fund's net asset value rose to \$2.1 billion as of December 31, 2021, from \$1.4 billion at the end of 2020. The increase was due to a combination of net inflows and investment returns.

Over the past year, the Fund's Series A units gained 26.7%, which underperformed the 27.9% rise in the benchmark. The Fund's return is after the deduction of fees and expenses, while benchmark and broad-based index returns do not include any costs of investing. See the Financial Highlights section for the management expense ratios and the Past Performance section for the returns of any other series, which may vary because of differences in management fees and expenses.

U.S. stocks performed best among the world's major equity markets in 2021, driven by historically low interest rates, pandemic-linked government income payments and a surge in corporate profits. Equities reached record levels in early September, lifting the index to more than double the lows of March 2020, when the spread of COVID-19 brought the economy to a standstill. Rising bond yields tied to inflation concerns and questions about the sustainability of economic growth tempered investors' enthusiasm toward the end of the year.

The best-performing sectors of the year were Information Technology, Health Care and Consumer Discretionary.

The worst-performing sectors were Materials, Real Estate and Utilities.

### Recent Developments

Effective January 24, 2022, Series A units will be re-designated as Series DZ units.

Effective January 21, 2022, the Fund will be closed to new investors. Existing investors who hold units of the Fund on January 21, 2022 can continue to make additional investments into the Fund. In addition, RBC GAM may also maintain capacity for certain investors, including investment funds managed by RBC GAM or its affiliates, that may invest in the Fund.

Effective February 28, 2021, Ms. Catherine J. Kloefer resigned as Vice Chair of the Independent Review Committee (the "IRC"). Effective March 22, 2021, Mr. Paul K. Bates was appointed as Vice Chair of the IRC. Effective April 1, 2021, Ms. Brenda Eaton was appointed as a member of the IRC.

### Related-Party Transactions

#### *Manager, Trustee and Portfolio Manager*

RBC GAM is an indirect, wholly owned subsidiary of Royal Bank of Canada ("Royal Bank") and is the manager, trustee and portfolio manager of the Fund. RBC GAM is responsible for the Fund's day-to-day operations, holds title to the Fund's property on behalf of its unitholders, provides investment advice and portfolio management services to the Fund and appoints distributors for the Fund. RBC GAM is paid a management fee by the Fund as compensation for its services. The Fund pays a fixed administration fee to RBC GAM, which, in turn, pays certain operating expenses of the Fund. Both the management fee and fixed administration fee are calculated and accrued daily as a percentage of the net asset value of each series of units of the Fund. RBC GAM, as trustee, earns a fee, which is paid by the manager from the fixed administration fee paid by the Fund.

RBC GAM or its affiliates may earn fees and spreads in connection with various services provided to, or transactions with, the Fund, such as banking, brokerage, securities lending, foreign exchange and derivatives transactions. RBC GAM or its affiliates may earn a foreign exchange spread when unitholders switch between series of funds denominated in different currencies. The Fund also maintains bank accounts and overdraft provisions with Royal Bank for which Royal Bank may earn a fee. Affiliates of RBC GAM that provide services to the Fund in the course of their normal businesses are discussed below.

***Distributors***

RBC GAM, Royal Mutual Funds Inc., RBC Direct Investing Inc., RBC Dominion Securities Inc. and Phillips, Hager & North Investment Funds Ltd. are principal distributors of, or may distribute certain series of units of, the Fund. Dealers may receive an ongoing commission based on the total value of their clients' investment in certain series of units of the Fund.

***Registrars***

RBC GAM, RBC Investor Services Trust ("RBC IS") or Royal Bank (or a combination thereof) are the registrars of the Fund and keep records of who owns units of the Fund. The registrars earn a fee, which is paid by the manager from the fixed administration fee paid by the Fund.

***Custodian***

RBC IS is the custodian and holds the assets of the Fund. RBC IS earns a fee as the custodian, which is paid by the manager from the fixed administration fee paid by the Fund.

***Securities Lending Agent***

To the extent the Fund may engage in securities lending transactions, RBC IS may act as the Fund's securities lending agent. Any revenue earned on such securities lending is split between the Fund and the securities lending agent.

***Other Related-Party Transactions***

Pursuant to applicable securities legislation, the Fund relied on the standing instructions from the Independent Review Committee with respect to one or more of the following transactions:

***Related-Party Trading Activities***

- (a) trades in securities of Royal Bank;
- (b) investments in the securities of issuers for which a related-party dealer acted as an underwriter during the distribution of such securities and the 60-day period following the conclusion of such distribution of the underwritten securities to the public;
- (c) purchases of equity and debt securities from or sales of equity or debt securities to a related-party dealer, where it acted as principal; and

***Inter-Fund Trading***

- (d) purchases or sales of securities of an issuer from or to another investment fund or managed account managed by RBC GAM.

The applicable standing instructions require that Related-Party Trading Activities and Inter-Fund Trading be conducted in accordance with RBC GAM policy and that RBC GAM advise the Independent Review Committee of a material breach of any standing instruction. RBC GAM policy requires that an investment decision in respect of Related-Party Trading Activities (i) is made free from any influence of Royal Bank or its associates or affiliates and without taking into account any consideration relevant to Royal Bank or its affiliates or associates, (ii) represents the business judgment of the portfolio manager, uninfluenced by considerations other than the best interests of the Fund, (iii) is in compliance with RBC GAM policies and procedures, and (iv) achieves a fair and reasonable result for the Fund. RBC GAM policy requires that an investment decision in respect of Inter-Fund Trading is in the best interests of each Fund.

<sup>1</sup> The management expense ratio ("MER") is based on the direct expenses charged to the Fund and the Fund's proportionate share of the expenses of underlying funds, if any, for the stated period, excluding commissions and other portfolio transaction costs, and is expressed as an annualized percentage of the daily average net asset value during the period. RBC GAM may, at its discretion and without notice to unitholders, waive or absorb certain operating expenses. MER includes the waiver or absorption by RBC GAM of certain operating expenses, while the MER before absorption shows the MER prior to operating expenses being waived or absorbed by RBC GAM.

<sup>2</sup> The Fund's portfolio turnover rate gives an indication of the level of activity employed by the portfolio manager. A portfolio turnover rate of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the year. The higher the Fund's portfolio turnover rate in a year, the greater the trading costs payable by the Fund in the year, and the greater the chance of an investor receiving taxable capital gains in the year. There is not necessarily a relationship between a high turnover rate and the performance of the Fund. The portfolio turnover rate is not applicable to money market funds.

<sup>3</sup> The trading expense ratio represents total commissions and other portfolio transaction costs of the Fund and the Fund's proportionate share of such costs of underlying funds expressed as an annualized percentage of daily average net asset value during the period. The trading expense ratio is not applicable to fixed-income transactions.

<sup>4</sup> From April 26, 2019.

Effective June 30, 2017, the management fees for Series F units were reduced to 0.09% from 0.40%; and the administration fees for Series A units were reduced to 0.10% from 0.15%. If the changes to the management fees and administration fees would have been in effect throughout the financial year ended December 31, 2017, the adjusted MER for each series of the Fund would be: Series A – 0.66% and Series F – 0.21%.

**Management Fees and Administration Fees**

Management fees and administration fees of each series of the Fund are payable to RBC GAM and calculated at the following annual percentages, before GST/HST, of the daily net asset value of each series of the Fund. The management fee, breakdown of services received in consideration of the management fee, as a percentage of the management fee, and the administration fee for each series are as follows:

	Management Fees	Breakdown of Services		Administration Fees
		Distribution	Other*	
Series A	0.50%	20%	80%	0.10%
Series F	0.09%	—	100%	0.10%
Series O	n/a	n/a	n/a	0.02%

Series O – no management fees are paid by the Fund with respect to Series O units. Series O unitholders pay a negotiated fee directly to RBC GAM for investment-counselling services.

\* Includes all costs related to management, trustee, investment advisory services, general administration and profit.

**PAST PERFORMANCE**

The performance information shown assumes that all distributions made by the Fund in the periods shown were reinvested in additional units of the Fund and would be lower if distributions were not reinvested. The performance information does not take into account sales, redemption, distribution, optional charges or income taxes payable that would have reduced returns or performance. Past performance does not necessarily indicate how the Fund may perform in the future. A fund with more than 10 years of performance history is only permitted to disclose the past 10 years.

**Year-by-Year Returns (%)**

The bar chart indicates the Fund's performance for each of the years shown, and illustrates how the Fund's performance has changed from year to year. The bar chart shows, in percentage terms, how much an investment made on the first day of each financial year would have grown or decreased by the end of the financial year.

**Annual Compound Returns (%)**

The table shows the annual compound returns for each series of the Fund and for each of the periods indicated ended on December 31, 2021, compared with the following benchmark:

**S&P 500 Total Return Index (CAD)**

	Past Year	Past 3 Years	Past 5 Years	Past 10 Years	Since Inception
Series A	26.7	21.8	15.9	17.9	–
Benchmark	27.9	22.9	17.1	19.1	–
Series F	27.3	22.3	16.4	–	17.2
Benchmark	27.9	22.9	17.1	–	17.9
Series 0	27.5	–	–	–	18.8
Benchmark	27.9	–	–	–	19.1

The returns of each series may vary because of differences in management fees and expenses. Benchmark and/or broad-based index returns do not include any costs of investing. See Management Discussion of Fund Performance for a discussion of performance relative to benchmark and/or broad-based indexes.

Series 0 units have been available for sale to unitholders since April 29, 2019, and Series F units since July 4, 2016.

Inception dates are not provided for series that have been in existence for more than 10 years.

**INDEX DESCRIPTIONS**

**S&P 500 Total Return Index (CAD)** This index is a capitalization-weighted index measuring the Canadian dollar performance of 500 widely held common stocks representing all major industries in the United States.
