

GLOBAL EQUITY ETF

RBC QUANT GLOBAL REAL ESTATE LEADERS ETF

September 30, 2020

Portfolio Manager RBC Global Asset Management Inc. ("RBC GAM")

The Board of Directors of RBC Global Asset Management Inc. approved this annual management report of fund performance on December 10, 2020.

A Note on Forward-looking Statements

This report may contain forward-looking statements about the ETF, its future performance, strategies or prospects, and possible future ETF action. The words "may," "could," "should," "would," "suspect," "outlook," "believe," "plan," "anticipate," "estimate," "expect," "intend," "forecast," "objective" and similar expressions are intended to identify forward-looking statements.

Forward-looking statements are not guarantees of future performance. Forward-looking statements involve inherent risks and uncertainties, both about the ETF and general economic factors, so it is possible that predictions, forecasts, projections and other forward-looking statements will not be achieved. We caution you not to place undue reliance on these statements as a number of important factors could cause actual events or results to differ materially from those expressed or implied in any forward-looking statement made in relation to the ETF. These factors include, but are not limited to, general economic, political and market factors in Canada, the United States and internationally, interest and foreign exchange rates, global equity and capital markets, business competition, technological changes, changes in laws and regulations, judicial or regulatory judgments, legal proceedings and catastrophic events.

The above list of important factors that may affect future results is not exhaustive. Before making any investment decisions, we encourage you to consider these and other factors carefully. All opinions contained in forward-looking statements are subject to change without notice and are provided in good faith but without legal responsibility.

This annual management report of fund performance ("MRFP") contains financial highlights but does not contain the complete annual financial statements of the ETF. You can get a copy of the financial statements at your request, and at no cost, by calling 1-855-RBC-ETFS (722-3837), by writing to us at RBC Global Asset Management Inc., P.O. MANAGEMENT DISCUSSION OF FUND PERFORMANCE

Investment Objective and Strategies

The ETF seeks to provide unitholders with exposure to the performance of a diversified global portfolio of high-quality Real Estate Investment Trusts ("REITs") and equity securities of real estate management and development companies that will provide regular income and that have the potential for long-term capital growth.

Portfolio securities for the ETF are selected from the global real estate universe using a rules-based, multi-factor investment approach that considers a combination of the financial strength, growth and stability factors of the company. The global real estate universe, as determined by the portfolio management team, includes REITs and real estate management and development companies domiciled around the world. The portfolio manager considers environmental, social and governance (ESG) factors where material to the investment decision. Securities are weighted in accordance with a modified capitalization weighting methodology designed to reduce the dispersion of weights between larger and smaller capitalization securities. The portfolio holdings are reconstituted and rebalanced on a quarterly basis. The frequency of the reconstitution and rebalancing may change without notice.

Risk

There were no significant changes to the ETF that materially affected the ETF's overall level of risk during the reporting period. The risks of investing in the ETF and the suitability of the ETF for investors remain as discussed in the Prospectus.

Results of Operations

The ETF's net asset value fell to \$7 million as of September 30, 2020, from \$8 million on December 31, 2019. The decrease was due to investment losses, partially offset by net inflows. The NAV figures reflect a change in the ETF's financial year.

Over the past financial year, the ETF's CAD units lost 19.4%, which underperformed the 11.0% decline in the benchmark. The broad-based index rose 4.4%. The ETF's return is after the deduction of fees and expenses, while benchmark and broad-based index returns do not include any costs of investing. See the Financial Highlights section for the management expense ratios and the Past Performance section for the returns of the USD units, which will usually vary because of foreign exchange rates.

The ETF's relative exposure to Greenland Holdings, Unibail-Rodamco-Westfield and American Campus Communities had the most positive impact on the ETF's returns, while exposure to Simon Property Group, Paramount Group and Japan Retail Fund Investment was negative for performance.

The ETF had significant overweight positions in Daito Trust Construction, Sun Hung Kai Properties and Nomura Real Estate Holdings, and significant underweight positions in Prologis, Equinix and Digital Realty Trust.

Recent Developments

Effective on or about November 27, 2020, the ETF will be terminated. In advance of termination, the ETF will voluntarily delist from the Toronto Stock Exchange, with its last day of trading expected to be on or about November 25, 2020.

The financial year-end of the ETFs managed by RBC GAM (the "RBC ETFs") has been changed from December 31 to September 30. As a result, the 2020 financial year for the RBC ETFs is for the period from January 1, 2020 to September 30, 2020. The change in financial year does not change the RBC ETFs' tax year-end, which remains December 15 or December 31, as applicable.

Related-Party Transactions

Manager, Trustee and Portfolio Manager

RBC GAM is an indirect, wholly owned subsidiary of Royal Bank of Canada ("Royal Bank") and is the manager, trustee and portfolio manager of the ETF. RBC GAM is responsible for the ETF's day-to-day operations, holds title to the ETF's property on behalf of its unitholders, and provides investment advice and portfolio management services to the ETF. RBC GAM is paid a management fee by the ETF as compensation for its services. The management fee is calculated and accrued on a daily basis and is based on a percentage of the net asset value of the ETF.

RBC GAM or its affiliates may earn fees and spreads in connection with various services provided to, or transactions with, the ETF, such as banking, brokerage, securities lending, foreign exchange and derivatives transactions. RBC GAM or its affiliates may earn a foreign exchange spread when unitholders buy and sell ETF units denominated in different currencies. The ETF may also maintain bank accounts and overdraft provisions with Royal Bank for which Royal Bank may earn a fee. Affiliates of RBC GAM that provide services to the ETF in the course of their normal businesses are discussed below.

Custodian and Valuation Agent

RBC Investor Services Trust ("RBC IS") is the custodian and valuation agent and holds the assets of the ETF and provides administrative services to the ETF. RBC IS earns a variable fee based on the value of assets under custody and a fixed fee for other valuation and administrative services.

September 30, 2020

Designated Broker

RBC GAM has entered into an agreement with RBC Dominion Securities Inc., an affiliate of RBC GAM, to act as designated broker and/or authorized dealer for the distribution of units of the ETF, on terms and conditions that are comparable to arm's length agreements in the ETF industry. The material terms and conditions of the agreement have been disclosed in the ETF's Prospectus.

Securities Lending Agent

To the extent the ETF may engage in securities lending transactions, RBC IS may act as the ETF's securities lending agent. Any revenue earned on such securities lending is split between the ETF and the securities lending agent.

Other Related-Party Transactions

Pursuant to applicable securities legislation, the ETF relied on the standing instructions from the Independent Review Committee with respect to one or more of the following transactions:

Related-Party Trading Activities

- (a) trades in securities of Royal Bank;
- (b) investments in the securities of issuers for which a related-party dealer acted as an underwriter during the distribution of such securities and the 60-day period following the conclusion of such distribution of the underwritten securities to the public;
- (c) purchases of debt securities from or sales of debt securities to a related-party dealer, where it acted as principal.

The applicable standing instructions require that Related-Party Trading Activities be conducted in accordance with RBC GAM policy and that RBC GAM advise the Independent Review Committee of a material breach of any standing instruction. RBC GAM policy requires that an investment decision in respect of Related-Party Trading Activities (i) is made free from any influence of Royal Bank or its associates or affiliates and without taking into account any consideration relevant to Royal Bank or its affiliates or associates, (ii) represents the business judgment of the portfolio manager, uninfluenced by considerations other than the best interests of the ETF, (iii) is in compliance with RBC GAM policies and procedures, and (iv) achieves a fair and reasonable result for the ETF.

¹ Net assets and distributions are based on the actual number of units outstanding at the relevant time. The increase/decrease from operations is based on the weighted average number of units outstanding over the financial period. This table is not intended to be a reconciliation of beginning to ending net assets per unit.

² Distributions are either paid in cash, reinvested in additional units of the ETF, or both.

³ The financial year-end of the ETF was changed from December 31 to September 30 in 2020 and therefore the information disclosed is for the nine-month period ended September 30, 2020.

⁴ From April 20, 2017.

¹ The management expense ratio ("MER") is based on the direct expenses charged to the ETF and the ETF's proportionate share of the expenses of underlying funds, if any, for the stated period, excluding commissions and other portfolio transaction costs, and is expressed as an annualized percentage of the daily average net asset value during the period. RBC GAM may, at its discretion and without notice to unitholders, waive or absorb certain operating expenses. MER includes the waiver or absorption by RBC GAM of certain operating expenses, while the MER before absorption shows the MER prior to operating expenses being waived or absorbed by RBC GAM.

² The trading expense ratio represents total commissions and other portfolio transaction costs expressed as an annualized percentage of daily average net asset value during the period. The trading expense ratio is not applicable to fixed-income transactions.

³ The ETF's portfolio turnover rate gives an indication of the level of activity employed by the portfolio manager. A portfolio turnover rate of 100% is equivalent to the ETF buying and selling all of the securities in its portfolio once in the course of the year. The higher the ETF's portfolio turnover rate in a year, the greater the trading costs payable by the ETF in the year, and the greater the chance of an investor receiving taxable capital gains in the year. There is not necessarily a relationship between a high turnover rate and the performance of the ETF.

⁴ The financial year-end of the ETF was changed from December 31 to September 30 in 2020 and therefore the information disclosed is for the nine-month period ended September 30, 2020.

⁵ From April 20, 2017.

* Stated in U.S. dollars.

FINANCIAL HIGHLIGHTS (cont.)

Management Fees

RBC GAM is the manager, trustee and portfolio manager of the ETF.
The management fee of the ETF is calculated at the annual percentage, before GST/HST, of the daily net asset value of the ETF.

	Management Fees
CAD Units	0.55%
USD Units	0.55%

PAST PERFORMANCE

The performance information shown assumes that all distributions made by the ETF in the periods shown were reinvested in additional units of the ETF and would be lower if distributions were not reinvested. The performance information does not take into account sales, redemption, distribution, optional charges or income taxes payable that would have reduced returns or performance. Past performance does not necessarily indicate how the ETF may perform in the future. A fund with more than 10 years of performance history is only permitted to disclose the past 10 years.

Year-by-Year Returns (%)

The bar chart indicates the ETF's performance for each of the years shown, and illustrates how the ETF's performance has changed from year to year. The bar chart shows, in percentage terms, how much an investment made on the first day of each financial year would have grown or decreased by the end of the financial year.
