## RBC MONTHLY INCOME FUND

---

June 30, 2022

**Portfolio Manager** RBC Global Asset Management Inc. ("RBC GAM")

The Board of Directors of RBC Global Asset Management Inc. approved this interim management report of fund performance on August 9, 2022.

### **A Note on Forward-looking Statements**

This report may contain forward-looking statements about the Fund, its future performance, strategies or prospects, and possible future Fund action. The words "may," "could," "should," "would," "suspect," "outlook," "believe," "plan," "anticipate," "estimate," "expect," "intend," "forecast," "objective" and similar expressions are intended to identify forward-looking statements.

Forward-looking statements are not guarantees of future performance. Forward-looking statements involve inherent risks and uncertainties, both about the Fund and general economic factors, so it is possible that predictions, forecasts, projections and other forward-looking statements will not be achieved. We caution you not to place undue reliance on these statements as a number of important factors could cause actual events or results to differ materially from those expressed or implied in any forward-looking statement made in relation to the Fund. These factors include, but are not limited to, general economic, political and market factors in Canada, the United States and internationally, interest and foreign exchange rates, global equity and capital markets, business competition, technological changes, changes in laws and regulations, judicial or regulatory judgments, legal proceedings and catastrophic events.

The above list of important factors that may affect future results is not exhaustive. Before making any investment decisions, we encourage you to consider these and other factors carefully. All opinions contained in forward-looking statements are subject to change without notice and are provided in good faith but without legal responsibility.

## MANAGEMENT DISCUSSION OF FUND PERFORMANCE

### Investment Objective and Strategies

The Fund seeks to provide a tax-efficient monthly distribution consisting of dividend income, interest income and capital gains along with providing the potential for modest capital growth.

The Fund invests primarily in Canadian fixed-income securities, common shares, income trusts and similar higher-yielding investments. For fixed-income securities, the Fund targets a duration similar to the FTSE Canada Universe Bond Index. Stocks that qualify as investments will generally carry above-average dividend yields and offer the potential for increases in their payouts.

The Fund's target weightings for each asset class are 55% for fixed income and 45% for equities. The target weightings for each asset class may be adjusted based on changes in the market outlook for each asset class. The actual allocation to each class will be no more than 15% above or below its target weighting.

### Results of Operations

The Fund's net asset value was \$6.7 billion as of June 30, 2022.

Over the past six months, the Fund's Series A units lost 9.6%. The Fund's return is after the deduction of fees and expenses. See the Financial Highlights section for the management expense ratios and the Past Performance section for the returns of any other series, which may vary because of differences in management fees and expenses.

The Fund made monthly distributions of 4.25 cents per Series A unit in the first half of 2022.

Canada's stock market finished the first half of 2022 lower but was still among the best-performing global equity indexes, which gave back most of the gains made in 2021. The Canadian equity benchmark, the S&P/TSX Composite Index, briefly reached an all-time high in April, as its exposure to rising commodity prices offset a macroeconomic backdrop of high inflation, rising interest rates and slowing global economic growth. Canadian stocks were supported by the Energy sector during a period in which geopolitical uncertainty and improving demand led to higher oil and gas prices.

Government bonds declined, posting their worst first-half performance since 1980, as fixed-income yields rose sharply to account for inflation running at its highest level in 40 years. In response, major central banks began paving the way for a transition away from the long-time era of low inflation and extraordinarily low interest rates to one where rates would be high enough to curtail inflation. Russia's invasion of Ukraine in late February exacerbated supply-chain issues and amplified the already soaring prices of energy and grains. Tight labour markets raised the risk of spiraling wage demands and fanned fears that inflation would endure.

In the equity portion of the Fund, relative exposure to Suncor Energy, Canadian Natural Resources and Tourmaline Oil had the most positive impact on the Fund's returns, while exposure to Cenovus Energy, Onex and Tricon Residential was negative for performance. The Fund had overweight positions in Onex, Canadian Natural Resources and TransAlta and underweight positions in BCE, Cenovus Energy and Fairfax Financial Holdings.

The equity sectors that had the most positive impact on the Fund's returns were Energy, Materials and Information Technology, while exposure to Financials, Real Estate and Industrials had a negative impact. At the sector level, the Fund had overweight exposure to Energy, Financials and Real Estate and underweight exposure to Materials, Utilities and Communication Services.

### Recent Developments

Economic growth has recovered from the pandemic lows, and consensus forecasts are for the Canadian economy to expand 4.1% in 2022 and 2.6% in 2023. Aiding Canada's economy are a healthy labour market, strong business investment and higher immigration. The big issue for the second half of 2022 is, however, high inflation due to improving consumer demand, increased wages, rising commodity prices and supply disruptions. As a result, the Bank of Canada (the "BOC") is focused on restraining inflation even if economic growth is compromised. The BOC increased its benchmark rate to 1.5% in June from 0.25% as recently as February and remains focused on slowing inflation to its 2% target from the 7.7% recorded for May. Further rate hikes are expected in the second half of the year.

The portfolio manager expects tighter monetary policy coupled with falling household purchasing power to slow global economic activity in the months ahead, thereby relieving pressure on central bankers to keep raising interest rates. In the event that bond yields stop rising, the outlook for government bonds will likely improve after this year's sharp sell-off. The portfolio manager stands ready to accumulate attractively priced assets if there is further bond-market volatility.

### Related-Party Transactions

#### *Manager, Trustee and Portfolio Manager*

RBC GAM is an indirect, wholly owned subsidiary of Royal Bank of Canada ("Royal Bank") and is the manager, trustee and portfolio manager of the Fund. RBC GAM is responsible for the Fund's day-to-day operations, holds title to the Fund's property on behalf of its unitholders, provides investment advice and portfolio management services to the Fund and appoints distributors for the Fund. RBC GAM is paid a management fee by the Fund as compensation for its services. The Fund pays a fixed administration fee to RBC GAM, which, in turn, pays certain operating expenses of the Fund. Both the management fee and fixed administration fee are calculated and

accrued daily as a percentage of the net asset value of each series of units of the Fund. RBC GAM, as trustee, earns a fee, which is paid by the manager from the fixed administration fee paid by the Fund.

RBC GAM or its affiliates may earn fees and spreads in connection with various services provided to, or transactions with, the Fund, such as banking, brokerage, securities lending, foreign exchange and derivatives transactions. RBC GAM or its affiliates may earn a foreign exchange spread when unitholders switch between series of funds denominated in different currencies. The Fund also maintains bank accounts and overdraft provisions with Royal Bank for which Royal Bank may earn a fee. Affiliates of RBC GAM that provide services to the Fund in the course of their normal businesses are discussed below.

#### **Distributors**

RBC GAM, Royal Mutual Funds Inc., RBC Direct Investing Inc., RBC Dominion Securities Inc. and Phillips, Hager & North Investment Funds Ltd. are principal distributors of, or may distribute certain series of units of, the Fund. Dealers may receive an ongoing commission based on the total value of their clients' investment in certain series of units of the Fund.

#### **Registrars**

RBC GAM, RBC Investor Services Trust ("RBC IS") or Royal Bank (or a combination thereof) are the registrars of the Fund and keep records of who owns units of the Fund. The registrars earn a fee, which is paid by the manager from the fixed administration fee paid by the Fund.

#### **Custodian**

RBC IS is the custodian and holds the assets of the Fund. RBC IS earns a fee as the custodian, which is paid by the manager from the fixed administration fee paid by the Fund.

#### **Securities Lending Agent**

To the extent the Fund may engage in securities lending transactions, RBC IS may act as the Fund's securities lending agent. Any revenue earned on such securities lending is split between the Fund and the securities lending agent.

#### **Brokers and Dealers**

The Fund has established standard brokerage and dealing agreements at market rates with related parties. For the periods ended June 30, 2022 and 2021, the related-party commissions were \$59,000 (2021 – \$87,000) or 18% (2021 – 22%) of the total transaction costs paid for this Fund.

#### **Other Related-Party Transactions**

Pursuant to applicable securities legislation, the Fund relied on the standing instructions from the Independent Review Committee with respect to one or more of the following transactions:

##### *Related-Party Trading Activities*

- (a) trades in securities of Royal Bank;
- (b) investments in the securities of issuers for which a related-party dealer acted as an underwriter during the distribution of such securities and the 60-day period following the conclusion of such distribution of the underwritten securities to the public;
- (c) purchases of equity and debt securities from or sales of equity or debt securities to a related-party dealer, where it acted as principal; and

##### *Inter-Fund Trading*

- (d) purchases or sales of securities of an issuer from or to another investment fund or managed account managed by RBC GAM.

The applicable standing instructions require that Related-Party Trading Activities and Inter-Fund Trading be conducted in accordance with RBC GAM policy and that RBC GAM advise the Independent Review Committee of a material breach of any standing instruction. RBC GAM policy requires that an investment decision in respect of Related-Party Trading Activities (i) is made free from any influence of Royal Bank or its associates or affiliates and without taking into account any consideration relevant to Royal Bank or its affiliates or associates, (ii) represents the business judgment of the portfolio manager, uninfluenced by considerations other than the best interests of the Fund, (iii) is in compliance with RBC GAM policies and procedures, and (iv) achieves a fair and reasonable result for the Fund. RBC GAM policy requires that an investment decision in respect of Inter-Fund Trading is in the best interests of each Fund.

## FINANCIAL HIGHLIGHTS

The following tables show selected key financial information about the Fund and are intended to help you understand the Fund's financial performance for the past six months (noted by June 30, 2022), and for the past five years or for the periods since inception. This information is derived from the Fund's unaudited interim financial statements and audited annual financial statements.

<sup>1</sup> The management expense ratio ("MER") is based on the direct expenses charged to the Fund and the Fund's proportionate share of the expenses of underlying funds, if any, for the stated period, excluding commissions and other portfolio transaction costs, and is expressed as an annualized percentage of the daily average net asset value during the period. RBC GAM may, at its discretion and without notice to unitholders, waive or absorb certain operating expenses. MER includes the waiver or absorption by RBC GAM of certain operating expenses, while the MER before absorption shows the MER prior to operating expenses being waived or absorbed by RBC GAM.

<sup>2</sup> The Fund's portfolio turnover rate gives an indication of the level of activity employed by the portfolio manager. A portfolio turnover rate of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the year. The higher the Fund's portfolio turnover rate in a year, the greater the trading costs payable by the Fund in the year, and the greater the chance of an investor receiving taxable capital gains in the year. There is not necessarily a relationship between a high turnover rate and the performance of the Fund. The portfolio turnover rate is not applicable to money market funds.

<sup>3</sup> The trading expense ratio represents total commissions and other portfolio transaction costs of the Fund and the Fund's proportionate share of such costs of underlying funds expressed as an annualized percentage of daily average net asset value during the period. The trading expense ratio is not applicable to fixed-income transactions.

Effective March 1, 2020, the administration fees for Series A units were reduced to 0.05% from 0.09%. If the changes to the administration fees would have been in effect throughout the financial year ended December 31, 2020, the adjusted MER for each series of the Fund would be: Series A – 1.16%.

**Management Fees and Administration Fees**

Management fees and administration fees of each series of the Fund are payable to RBC GAM and calculated at the following annual percentages, before GST/HST, of the daily net asset value of each series of the Fund. The management fee, breakdown of services received in consideration of the management fee, as a percentage of the management fee, and the administration fee for each series are as follows:

	Management Fees	Breakdown of Services		Administration Fees
		Distribution	Other*	
Series A	1.00%	50%	50%	0.05%
Series D	0.75%	20%	80%	0.05%
Series F	0.60%	–	100%	0.05%
Series O	n/a	n/a	n/a	0.02%

Series O – no management fees are paid by the Fund with respect to Series O units. Series O unitholders pay a negotiated fee directly to RBC GAM for investment-counselling services.

\* Includes all costs related to management, trustee, investment advisory services, general administration and profit.

**PAST PERFORMANCE**

The performance information shown assumes that all distributions made by the Fund in the periods shown were reinvested in additional units of the Fund and would be lower if distributions were not reinvested. The performance information does not take into account sales, redemption, distribution, optional charges or income taxes payable that would have reduced returns or performance. Past performance does not necessarily indicate how the Fund may perform in the future. A fund with more than 10 years of performance history is only permitted to disclose the past 10 years.

**Year-by-Year Returns (%)**

The bar chart indicates the Fund’s performance for each of the years shown, and illustrates how the Fund’s performance has changed from year to year. The bar chart shows, in percentage terms, how much an investment made on the first day of each financial year would have grown or decreased by the end of the financial year or interim period.

Inception dates are not provided for series that have been in existence for more than 10 years.

Advisor Series units were re-designated as Series A units effective August 4, 2020.

For the 12-month periods ended December 31 and the six-month period ended June 30, 2022.
