RBC GLOBAL BALANCED PORTFOLIO

June 30, 2025

Portfolio Manager *RBC Global Asset Management Inc. ("RBC GAM")*

The Board of Directors of RBC Global Asset Management Inc. approved this interim management report of fund performance on August 7, 2025.

A Note on Forward-looking Statements

This report may contain forward-looking statements about the Fund, its future performance, strategies or prospects, and possible future Fund action. The words "may," "could," "should," "would," "suspect," "outlook," "believe," "plan," "anticipate," "estimate," "expect," "intend," "forecast," "objective" and similar expressions are intended to identify forward-looking statements.

Forward-looking statements are not guarantees of future performance. Forward-looking statements involve inherent risks and uncertainties, both about the Fund and general economic factors, so it is possible that predictions, forecasts, projections and other forward-looking statements will not be achieved. We caution you not to place undue reliance on these statements as a number of important factors could cause actual events or results to differ materially from those expressed or implied in any forward-looking statement made in relation to the Fund. These factors include, but are not limited to, general economic, political and market factors in Canada, the United States and internationally, interest and foreign exchange rates, global equity and capital markets, business competition, technological changes, changes in laws and regulations, judicial or regulatory judgments, legal proceedings and catastrophic events.

The above list of important factors that may affect future results is not exhaustive. Before making any investment decisions, we encourage you to consider these and other factors carefully. All opinions contained in forward-looking statements are subject to change without notice and are provided in good faith but without legal responsibility.

This interim management report of fund performance ("MRFP") contains financial highlights but does not contain either the complete interim financial statements or the complete annual financial statements of the Fund. You can get a copy of the financial statements at your request, and at no cost, by calling 1-800-463-FUND (3863), by writing to us at RBC Global Asset Management Inc., P.O. Box 7500, Station A, Toronto, Ontario M5W 1P9, or by visiting our website at www.rbcgam.com/regulatorydocuments or SEDAR+ at www.sedarplus.ca. Security holders may also contact us using one of these methods to request a copy of the Fund's proxy voting policies and procedures, proxy voting disclosure record, or quarterly portfolio disclosure.

MANAGEMENT DISCUSSION OF FUND PERFORMANCE

Investment Objective and Strategies

The Fund is a strategic asset allocation fund, which focuses on providing long-term capital growth, with a secondary focus on modest income. The Fund invests primarily in funds managed by RBC GAM or an affiliate of RBC GAM (called the “underlying funds”), emphasizing equity funds for higher growth potential and fixed-income funds for diversification and the potential to generate income. Certain of the underlying funds may also be exchange traded funds managed by BlackRock Asset Management Canada Limited (“BlackRock Canada”) or an affiliate of BlackRock Canada.

The Fund’s target weightings for each asset class are 40% for global fixed-income, 53% for global equities and 7% for emerging-markets equities. The actual allocation to each asset class will be no more than 15% above or below its target weighting for the global fixed-income and global equities asset classes, and no more than 10% above or below the target weighting for the emerging-markets equities asset class.

Results of Operations

The Fund’s net asset value was \$2.8 billion as of June 30, 2025.

Over the past six months, the Fund’s Series F units gained 3.4%. The Fund’s return is after the deduction of fees and expenses. See the Financial Highlights section for the management expense ratios and the Past Performance section for the returns of any other series, which may vary because of differences in management fees and expenses.

Trade negotiations dominated the direction of financial markets during the first six months of 2025 as early optimism that the Trump administration would focus on deregulating the economy gave way to concern that he would instead implement across-the-board tariffs on U.S. trade partners. The outlook subsequently improved as the U.S. administration reached trade agreements that ensured a worst-case scenario would not unfold. Geopolitical turmoil in the Middle East sent oil prices surging toward the end of the period on fears of a wider conflict and instability in the region, but they came back down after tensions eased. The U.S. Federal Reserve left its benchmark interest rate unchanged in a range between 4.25% and 4.50% as concern that the tariff war would spark inflation outweighed worries that the economy was slowing.

The Fund’s overweight position in equities and neutral position in fixed income had a positive impact on performance. Government fixed income delivered overall gains in the first half of 2025, as coupon income from bonds issued in the U.S. and China and rising bond prices in emerging markets offset the negative impact of rising

interest rates – and falling bond prices – in Europe and Japan.

Investors faced challenges ranging from the inflationary and growth effects of Trump’s tariffs to the outbreak of war between Israel and Iran. Canadian bonds delivered minimal returns through the first six months of 2025, as concerns regarding higher-than-expected inflation from U.S. tariffs led investors to demand higher yields on most fixed-income securities. The Bank of Canada cut interest rates twice early in the year, bringing the policy rate down by 2.25 percentage points since June 2024 to 2.75% as of June 30 of this year. Riskier emerging-market bonds delivered strong gains, outperforming investment-grade issuers such as China, Malaysia and Indonesia. Returns in the fixed-income segment of the portfolio were boosted by the RBC Global Corporate Bond Fund and the RBC Global Bond Fund.

U.S. stocks retreated from all-time highs established early in the year after Trump announced his tariffs but then rebounded to finish the period near their highs. The Information Technology sector continued to support U.S. equities, while the Consumer Discretionary sector lagged. European stocks outperformed U.S. stocks due to a shift by investors to euro-denominated assets, as well as Germany’s decision to boost government spending after decades of conservative fiscal policy. In emerging markets, an equity recovery in China, which accounts for about a third of the emerging-market benchmark, bolstered emerging-market equity performance. One of the most notable emerging-market developments in 2025 was the release of an artificial-intelligence (“AI”) model introduced by China’s DeepSeek. The release of this AI service, which might be competitive with U.S. AI leaders such as ChatGPT, boosted investor impressions of Chinese technology companies and emerging-market technology stocks in general. Returns were bolstered by the Phillips, Hager & North Overseas Equity Fund and the RBC Emerging Markets Dividend Fund.

Recent Developments

Tariffs will exert a substantial drag on economic growth over the second half of 2025, but probably not to the extent of causing a global recession. Considering the short-term risks and the long-term opportunities, the portfolio manager is maintaining an asset allocation that is relatively close to neutral given heightened uncertainty in the macroeconomic backdrop and the portfolio manager’s view that the risk premium between stocks and bonds is relatively small. The portfolio manager looks for mid-single-digit returns from sovereign bonds over the year ahead, with only modest valuation risk. Stocks offer slightly better return potential, particularly outside of U.S. large caps, and the portfolio manager added to the equity allocation. Within the equity regional mix, the portfolio manager has tilted away from expensive U.S. large-cap stocks in favour of non-U.S. stocks, particularly in Europe, where valuations are more appealing.

Related-Party Transactions

Manager, Trustee and Portfolio Manager

RBC GAM is an indirect, wholly owned subsidiary of Royal Bank of Canada ("Royal Bank") and is the manager, trustee and portfolio manager of the Fund. RBC GAM is responsible for the Fund's day-to-day operations, holds title to the Fund's property on behalf of its unitholders, provides investment advice and portfolio management services to the Fund and appoints distributors for the Fund. RBC GAM is paid a management fee by the Fund as compensation for its services. The Fund pays a fixed administration fee to RBC GAM, which, in turn, pays certain operating expenses of the Fund. Both the management fee and fixed administration fee are calculated and accrued daily as a percentage of the net asset value of each series of units of the Fund. RBC GAM, as trustee, earns a fee, which is paid by the manager from the fixed administration fee paid by the Fund.

RBC GAM or its affiliates may earn fees and spreads in connection with various services provided to, or transactions with, the Fund, such as banking, brokerage, securities lending, foreign exchange and derivatives transactions. RBC GAM or its affiliates may earn a foreign exchange spread when unitholders switch between series of funds denominated in different currencies. The Fund also maintains bank accounts and overdraft provisions with Royal Bank for which Royal Bank may earn a fee. Affiliates of RBC GAM that provide services to the Fund in the course of their normal businesses are discussed below.

Distributors

RBC GAM, Royal Mutual Funds Inc., RBC Direct Investing Inc., RBC Dominion Securities Inc. and Phillips, Hager & North Investment Funds Ltd. are principal distributors of, or may distribute certain series of units of, the Fund. Dealers may receive an ongoing commission based on the total value of their clients' investment in certain series of units of the Fund.

Registrars

RBC GAM, RBC Investor Services Trust ("RBC IS") or Royal Bank (or a combination thereof) are the registrars of the Fund and keep records of who owns units of the Fund. The registrars earn a fee, which is paid by the manager from the fixed administration fee paid by the Fund.

Custodian

RBC IS is the custodian and holds the assets of the Fund. RBC IS earns a fee as the custodian, which is paid by the manager from the fixed administration fee paid by the Fund.

Securities Lending Agent

To the extent the Fund may engage in securities lending transactions, RBC IS may act as the Fund's securities lending agent. Any revenue earned on such securities lending is split between the Fund and the securities lending agent.

Brokers and Dealers

The Fund has established standard brokerage and dealing agreements at market rates with related parties. For the periods ended June 30, 2025 and 2024, the related-party commissions were \$0 (2024 – \$2,000) or 0% (2024 – 40%) of the total transaction costs paid for this Fund.

Other Related-Party Transactions

Pursuant to applicable securities legislation, the Fund relied on the standing instructions from the Independent Review Committee with respect to one or more of the following transactions:

Related-Party Trading Activities

- (a) trades in securities of Royal Bank;
- (b) investments in the securities of issuers for which a related-party dealer acted as an underwriter during the distribution of such securities and the 60-day period following the conclusion of such distribution of the underwritten securities to the public;
- (c) purchases of equity, debt securities or mortgages from or sales of equity, debt securities or mortgages to a related-party dealer, where it acted as principal; and

Inter-Fund Trading

- (d) purchases or sales of securities of an issuer from or to another investment fund or managed account managed by RBC GAM.

The applicable standing instructions require that Related-Party Trading Activities and Inter-Fund Trading be conducted in accordance with RBC GAM policy and that RBC GAM advise the Independent Review Committee of a material breach of any standing instruction. RBC GAM policy requires that an investment decision in respect of Related-Party Trading Activities (i) is made free from any influence of Royal Bank or its associates or affiliates and without taking into account any consideration relevant to Royal Bank or its affiliates or associates, (ii) represents the business judgment of the portfolio manager, uninfluenced by considerations other than the best interests of the Fund, (iii) is in compliance with RBC GAM policies and procedures, and (iv) achieves a fair and reasonable result for the Fund. RBC GAM policy requires that an investment decision in respect of Inter-Fund Trading is in the best interests of each Fund.

FINANCIAL HIGHLIGHTS

The following tables show selected key financial information about the Fund and are intended to help you understand the Fund's financial performance for the past six months (noted by June 30, 2025), and for the past five years or for the periods since inception. This information is derived from the Fund's unaudited interim financial statements and audited annual financial statements.

¹ The management expense ratio ("MER") is based on the direct expenses charged to the Fund and the Fund's proportionate share of the expenses of underlying funds, if any, for the stated period, excluding commissions and other portfolio transaction costs, and is expressed as an annualized percentage of the daily average net asset value during the period. RBC GAM may, at its discretion and without notice to unitholders, waive or absorb certain operating expenses. MER includes the waiver or absorption by RBC GAM of certain operating expenses, while the MER before absorption shows the MER prior to operating expenses being waived or absorbed by RBC GAM.

² The Fund's portfolio turnover rate gives an indication of the level of activity employed by the portfolio manager. A portfolio turnover rate of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the year. The higher the Fund's portfolio turnover rate in a year, the greater the trading costs payable by the Fund in the year, and the greater the chance of an investor receiving taxable capital gains in the year. There is not necessarily a relationship between a high turnover rate and the performance of the Fund. The portfolio turnover rate is not applicable to money market funds.

³ The trading expense ratio represents total commissions and other portfolio transaction costs of the Fund and the Fund's proportionate share of such costs of underlying funds expressed as an annualized percentage of daily average net asset value during the period. The trading expense ratio is not applicable to fixed-income transactions.

Management Fees and Administration Fees

Management fees and administration fees of each series of the Fund are payable to RBC GAM and calculated at the following annual percentages, before GST/HST, of the daily net asset value of each series of the Fund. The management fee, breakdown of services received in consideration of the management fee, as a percentage of the management fee, and the administration fee for each series are as follows:

	Management Fees	Breakdown of Services		Administration Fees
		Distribution	Other*	
Series A	1.70%	59%	41%	0.05%
Series T5	1.70%	59%	41%	0.05%

Series FT5	0.70%	—	100%	0.05%
Series O	n/a	n/a	n/a	0.02%

Series O – no management fees are paid by the Fund with respect to Series O units. Series O unitholders pay a negotiated fee directly to RBC GAM for investment-counselling services.

* Includes all costs related to management, trustee, investment advisory services, general administration and profit.

PAST PERFORMANCE

The performance information shown assumes that all distributions made by the Fund in the periods shown were reinvested in additional units of the Fund and would be lower if distributions were not reinvested. The performance information does not take into account sales, redemption, distribution, optional charges or income taxes payable that would have reduced returns or performance. Past performance does not necessarily indicate how the Fund may perform in the future. A fund with more than 10 years of performance history is only permitted to disclose the past 10 years.

Year-by-Year Returns (%)

The bar chart indicates the Fund's performance for each of the years shown, and illustrates how the Fund's performance has changed from year to year. The bar chart shows, in percentage terms, how much an investment made on the first day of each financial year would have grown or decreased by the end of the financial year or interim period.
