**Portfolio Manager** RBC Global Asset Management Inc. ("RBC GAM")

Sub-Advisor: State Street Global Advisors, Ltd.

The Board of Directors of RBC Global Asset Management Inc. approved this interim management report of fund performance on August 10, 2017.

### A Note on Forward-looking Statements

This report may contain forward-looking statements about the Fund, its future performance, strategies or prospects, and possible future Fund action. The words "may," "could," "should," "would," "suspect," "outlook," "believe," "plan," "anticipate," "estimate," "expect," "intend," "forecast," "objective" and similar expressions are intended to identify forward-looking statements.

Forward-looking statements are not guarantees of future performance. Forward-looking statements involve inherent risks and uncertainties, both about the Fund and general economic factors, so it is possible that predictions, forecasts, projections and other forward-looking statements will not be achieved. We caution you not to place undue reliance on these statements as a number of important factors could cause actual events or results to differ materially from those expressed or implied in any forward-looking statement made in relation to the Fund. These factors include, but are not limited to, general economic, political and market factors in Canada, the United States and internationally, interest and foreign exchange rates, global equity and capital markets, business competition, technological changes, changes in laws and regulations, judicial or regulatory judgments, legal proceedings and catastrophic events.

The above list of important factors that may affect future results is not exhaustive. Before making any investment decisions, we encourage you to consider these and other factors carefully. All opinions contained in forward-looking statements are subject to change without notice and are provided in good faith but without legal responsibility.

## MANAGEMENT DISCUSSION OF FUND PERFORMANCE

### Investment Objective and Strategies

The Fund currently seeks to provide long-term capital growth by tracking the performance of the S&P/TSX Composite Total Return Index. The Fund invests primarily in equity securities in substantially the same proportion as the index, either directly or indirectly through investment in other mutual funds managed by RBC GAM or an affiliate of RBC GAM.

Effective on or about September 15, 2017, the Fund will track the performance of the FTSE Canada All Cap Domestic Index.

### Results of Operations

The Fund's net asset value was \$730 million as of June 30, 2017.

Over the past six months, the Fund's Series A units gained 0.4%. The Fund's return is after the deduction of fees and expenses. See the Financial Highlights section for the management expense ratios and the Past Performance section for the returns of any other series, which may vary because of differences in management fees and expenses.

The S&P/TSX Composite Index comprises about 95% of the market capitalization of Canadian-based, Toronto Stock Exchange-listed companies. The index contained 250 issues as of June 30, 2017.

The best-performing sectors by contribution to returns were Industrials, Consumer Discretionary and Financials. The worst-performing sectors on the same basis were Energy, Health Care and Materials.

### Recent Developments

Effective June 30, 2017, the Fund's investment objective was changed to provide the Fund with the ability to invest in other mutual funds managed by RBC GAM or an affiliate of RBC GAM. The investment strategies of the Fund were amended to reflect a change to the index the Fund tracks from the S&P/TSX Composite Total Return Index to the FTSE Canada All Cap Domestic Index, effective on or about September 15, 2017.

Effective June 30, 2017, management fees were reduced as follows: from 0.40% to 0.05% for Series F units. Also effective June 30, 2017, administration fees were reduced as follows: from 0.15% to 0.10% for Series A units.

Effective June 30, 2017, RBC GAM adopted the risk classification methodology under National Instrument 81-102 – *Investment Funds* (the "new risk classification methodology"). Pursuant to the new risk classification methodology, certain funds' risk ratings were changed. RBC GAM reviews each fund's risk rating on an annual basis or if there has been a material change to a fund's investment objectives or investment strategies. Any changes to a fund's risk rating are the result of RBC GAM's annual review and the adoption of the new risk classification methodology.

Effective December 1, 2016, Mr. Lloyd R. McGinnis retired and Ms. Éline Cousineau was appointed as Chair of the Independent Review Committee (the "IRC"). Mr. Charles F. Macfarlane was appointed as Vice Chair of the IRC. Effective January 1, 2017, Ms. Suromitra Sanatani and Ms. Catherine Kloefer were appointed as members of the IRC.

### Related-Party Transactions

#### *Manager, Trustee and Portfolio Manager*

RBC GAM is an indirect, wholly owned subsidiary of Royal Bank of Canada ("Royal Bank") and is the manager, trustee and portfolio manager of the Fund. RBC GAM is responsible for the Fund's day-to-day operations, holds title to the Fund's property on behalf of its unitholders, provides investment advice and portfolio management services to the Fund and appoints distributors for the Fund. RBC GAM is paid a management fee by the Fund as compensation for its services. The Fund pays a fixed administration fee to RBC GAM, which, in turn, pays certain operating expenses of the Fund. Both the management fee and fixed administration fee are calculated and accrued daily as a percentage of the net asset value of each series of units of the Fund. RBC GAM, as trustee, earns a fee, which is paid by the manager from the fixed administration fee paid by the Fund.

RBC GAM or its affiliates may earn fees and spreads in connection with various services provided to, or transactions with, the Fund, such as banking, brokerage, securities lending, foreign exchange and derivatives transactions. RBC GAM or its affiliates may earn a foreign exchange spread when unitholders switch between series of funds denominated in different currencies. The Fund also maintains bank accounts and overdraft provisions with Royal Bank for which Royal Bank may earn a fee. Affiliates of RBC GAM that provide services to the Fund in the course of their normal businesses are discussed below.

#### *Distributors*

RBC GAM, Royal Mutual Funds Inc., RBC Direct Investing Inc., RBC Dominion Securities Inc. and Phillips, Hager & North Investment Funds Ltd. are principal distributors of, or distribute certain series of the units of, the Fund. Dealers receive an ongoing commission based on the total value of their clients' Series A units.

#### *Custodian*

RBC Investor Services Trust ("RBC IS") is the custodian and holds the assets of the Fund. RBC IS earns a fee as the custodian, which is paid by the manager from the fixed administration fee paid by the Fund.

**Registrars**

Royal Bank, RBC IS and RBC GAM are the registrars of the Fund and keep records of who owns the units of the Fund. The registrars earn a fee, which is paid by the manager from the fixed administration fee paid by the Fund.

**Other Related-Party Transactions**

Pursuant to applicable securities legislation, the Fund relied on the standing instructions from the Independent Review Committee with respect to one or more of the following transactions:

*Related-Party Trading Activities*

- (a) trades in securities of Royal Bank;
- (b) investments in the securities of issuers for which a related-party dealer acted as an underwriter during the distribution of such securities and the 60-day period following the conclusion of such distribution of the underwritten securities to the public;
- (c) purchases of equity and debt securities from or sales of equity or debt securities to a related-party dealer, where it acted as principal; and

*Inter-Fund Trading*

- (d) purchases or sales of securities of an issuer from or to another investment fund or managed account managed by RBC GAM.

The applicable standing instructions require that Related-Party Trading Activities and Inter-Fund Trading be conducted in accordance with RBC GAM policy and that RBC GAM advise the Independent Review Committee of a material breach of any standing instruction. RBC GAM policy requires that an investment decision in respect of Related-Party Trading Activities (i) is made free from any influence of Royal Bank or its associates or affiliates and without taking into account any consideration relevant to Royal Bank or its affiliates or associates, (ii) represents the business judgment of the portfolio manager, uninfluenced by considerations other than the best interests of the Fund, (iii) is in compliance with RBC GAM policies and procedures, and (iv) achieves a fair and reasonable result for the Fund. RBC GAM policy requires that an investment decision in respect of Inter-Fund Trading is in the best interests of each Fund.

## FINANCIAL HIGHLIGHTS

The following tables show selected key financial information about the Fund and are intended to help you understand the Fund's financial performance for the past six months (noted by June 30, 2017), and for the past five years or for the periods since inception. This information is derived from the Fund's unaudited interim financial statements and audited annual financial statements. For financial years beginning on or after January 1, 2014, financial highlight information is derived from financial statements prepared in compliance with International Financial Reporting Standards ("IFRS"). For financial years prior to January 1, 2014, financial highlight information is derived from financial statements prepared in accordance with Canadian generally accepted accounting principles ("GAAP"). "Net Assets," for the periods prior to 2014, are calculated in accordance with GAAP, and "Net Asset Value" is derived from the valuation method disclosed in the RBC Funds Annual Information Form and is used for transactional purposes (see Ratios and Supplemental Data). All other calculations for the purposes of this MRFP are made using Net Asset Value. There is no significant difference between "Net Assets" and "Net Asset Value" under IFRS.

<sup>1</sup> The management expense ratio ("MER") is based on expenses for the stated period, excluding commissions and other portfolio transaction costs, and is expressed as an annualized percentage of the daily average net asset value during the period. RBC GAM may, at its discretion and without notice to unitholders, waive or absorb certain operating expenses. MER includes the waiver or absorption by RBC GAM of certain operating expenses, while the MER before absorption shows the MER prior to operating expenses being waived or absorbed by RBC GAM.

<sup>2</sup> The Fund's portfolio turnover rate gives an indication of the level of activity employed by the portfolio manager. A portfolio turnover rate of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the year. The higher the Fund's portfolio turnover rate in a year, the greater the trading costs payable by the Fund in the year, and the greater the chance of an investor receiving taxable capital gains in the year. There is not necessarily a relationship between a high turnover rate and the performance of the Fund. The portfolio turnover rate is not applicable to money market funds.

<sup>3</sup> The trading expense ratio represents total commissions and other portfolio transaction costs expressed as an annualized percentage of daily average net asset value during the period. The trading expense ratio is not applicable to fixed-income transactions.

<sup>4</sup> Effective June 30, 2017, the management fee was changed in respect of certain series of the Fund. If the change to the management fee would have been in effect throughout 2017, the adjusted MER for each series of the Fund would be: Series A – 0.66% and Series F – 0.17%.

<sup>5</sup> From July 4, 2016.

**Management Fees**

RBC GAM is the manager, trustee and portfolio manager of the Fund. Management fees of each series of the Fund are calculated at the annual percentages, before GST/HST, of the daily net asset value of each series of the Fund. The breakdown of the services received in consideration of the management fees for each series, as a percentage of the management fees, is as follows:

	Management Fees	Breakdown of Services	
		Distribution	Other*
Series A	0.50%	20%	80%
Series F	0.05%	—	100%

\* Includes all costs related to management, trustee, investment advisory services, general administration and profit.

### PAST PERFORMANCE

The performance information shown assumes that all distributions made by the Fund in the periods shown were reinvested in additional units of the Fund and would be lower if distributions were not reinvested. The performance information does not take into account sales, redemption, distribution, optional charges or income taxes payable that would have reduced returns or performance. Past performance does not necessarily indicate how the Fund may perform in the future. A fund with more than 10 years of performance history is only permitted to disclose the past 10 years.

#### Year-by-Year Returns (%)

The bar chart indicates the Fund's performance for each of the years shown, and illustrates how the Fund's performance has changed from year to year. The bar chart shows, in percentage terms, how much an investment made on the first day of each financial year would have grown or decreased by the end of the financial year or interim period.

Series F units have been available for sale to unitholders since July 4, 2016.

Inception dates are not provided for series that have been in existence for more than 10 years.

For the 12-month periods ended December 31 and the six-month period ended June 30, 2017.
